4. As Requirement of AMC Contactor should erect new Pump as per tender terms and conditions (New Pump sets will provided by AMC). Moreover, AMC will also give dismantle pump sets of any other premises of AMC for rewinding as per approved rate in tender. **(i.e. Only rewinding rate of pump is given to contractor out of fault finding & rewinding rate).**
5. Repairing the pump means to check the equipment in proper condition and systematically examining, adjusting, lubricating, all parts, components, including repairs / replacement of spares and fitting etc. using only genuine and original parts Manufacturers invoices mark on parts shall be the proof of the parts being genuine, use of none genuine parts with the incorrect invoice, mark will be considered as breach of contracts.
6. Servicing, repairing and replacement of spare parts etc. should be carried out with the knowledge of authorized representative of Electrical Department.
7. The pump should function satisfactory after work. Any emergency repairs should be carried out immediately. The tenderer must kept all the equipments in working condition and follow the safety rules. During fault attend contactor should check whether earthing is proper or not. If earthing is not found in proper condition then contractor should contact to concern department.
8. The pump before removing from the site contactor must inform the Electrical Department.
9. Minor repairs will be attended to at site within 12 hours in day where as major repairs will be attended agency's workshop (48 hours).
10. (A)In case of minor faults, whenever AMC handover fault to contractor will attend fault within 12 hours. If contractor will fail to do same, penalty of Rs.700 /- per day per case will be deducted by AMC from contractor bill. (B)In case of major fault after 48 hours (i.e. Rewinding/Repairing of pump)(1) pump in non working condition up to 7 days-Rs.1000 per day per pump after 3rd day, (2) more than 7 days-Rs.1500 per day per pump after 8th day. Maximum ceiling of penalty will be Rs. 15000/- per case.
11. The contractor must have his own workshop for motor rewinding or take a letter from any other rewound workshop owner for the support of rewinding during whole contract period.
12. The contractor shall be bound for the satisfactory works carried out in the pump. In the event of any defect, if noticed, the contractor shall have to carry out the job again at his own risk and cost within 24 hours and for which no payment will be made by the Department. Forfeiting his security deposit if the reputation of such type of poor workmanship of repairing works are frequently noticed and reported by the Engineer in charge will terminate the contract. The decision of the Department will be final.

13. In the event of any damage, theft, fire, accident etc. in conveying the equipment from site to workshop and back while carrying out repairs or testing, the contractor shall be considered responsible and for that compensation and the cost of unit will be recovered from the contractor at the Market rate without any excuse. The decision of the Department will be binding to the contractor.
14. The contractor should see that while removing, repairing and installing the pump, any property should not be damaged, as otherwise full cost will be recovered from the contractor without any excuses.
15. In case of motor rewinding, the contractor has to keep spare pump for replacement of faulty pump immediately. AMC may provide 5 Nos. submersible pump sets up to 1 HP for emergency replacement during fault. They should maintain record of pump given by AMC. The contractor will return the same before 15 days of completion of contract.
16. The contractor shall have to carry out repairs with the help of his skilled staff and only approved quality of genuine parts are to be replaced. In case of inferior or sub standard parts are use the same shall have to be replaced free of cost by the contractors within the prescribe time limit. Frequency of such cases will lead to the termination of contract.
17. Wherever details are not specified, the contractor is directed to contact Engineer in-charge or Add. Chief Engineer (Electrical) for further clarifications.
18. Contractor should keep sufficient trained and qualified manpower for carrying out works for better quality of work and safety.
19. The contractor should have round the clock service facility for contacting and attending to urgent repairs including after office hours.
20. All precautions should be taken while executing the work to avoid damage / accidents. Any damage due to contractor's negligence to be attended to match the original at no extra cost.
21. Rate Maintenance contract also includes all man powers, tools, special tools, equipments, loading, unloading, transportation for working staff etc. required to execute related works / assigned jobs as per specific site conditions in all respect and contractor/firm has to make its arrangement well in advance.
22. Firm must visit and shall carry out site inspection before quoting their rates.
23. All the decisions taken by Add. Chief Engineer (Electrical) should be binding to both parties in respect of any dispute arising due to tenure of this work.
24. The Payment Terms for the Rate Maintenance Contract will be on Monthly basis i.e. Payment will be made after completion of each Month work basis. Bill will be put-up in Triplicate Copies with attaching documents of Bank details & Copy of current year paid Professional Tax and fault maintenance sheet per month.
25. Tenderer will not have to deposit the Scrap material of the replaced parts of the pump to AMC. If new augmentation work is done or new equipment is supplied by AMC, the tenderer will have to deposit the scrape material of the replaced equipments.
26. During contract period, if submersible pumps and/or motors and LT cables are required to be replace completely or required to be installed new, due to heavy damage or non-

repairable condition it may be provided by A.M.C. If this replacement or new installment is due to negligence of the tenderer, the cost of equipment or repairing cost of equipments will be recovered from the tenderer.

27. Tenderer shall have to keep the record Month Wise Faults given by AMC Engineer Day by Day with Complete Satisfactory Work done. All such records will have to submit as & when required by AMC. Without this Payment will not be paid by AMC.
28. The scope of contractor also includes attending the fault as per instructions given by AMC Engineer even in abnormal condition such as RIOTS, HULLADS, FLOODS, HEAVY RAINS, EARTHQUAKE, FIRE, NATURAL CALAMITIES etc.
29. The Contractor will be responsible for security and safety of the staff, each & every equipments of all above sites. On Site during the above work. All the electrical equipments must be properly earthed. All the safety measures related with electrical & mechanical work must be taken by contractor. Due to improper safety measures if any accident occurs, contractor will be responsible for the same. AMC will not be responsible for this kind of accident including compensation.
30. AMC will not be responsible for any accidents (In case of the death of a person or an injury) occurred in the any premises of AMC Area due to the above reason and the compensation for the family of the person affected. It will be in the scope and responsibility of the contractor to deal with the legal proceeding such as court matter, police case compensation etc which arises due to the above reason.
31. During fault attend if earth fault found in pump, contractor has to dismantle pump and take away for carry out rewinding and repairing.
32. If any negligence will found in rewinding/repairing work and similar fault occurs for no. of times(except motor run in dry condition) within one month, the contractor has to solve the issue on permanent basis. No extra payment will be given to contractor for same work. The decision of AMC officials will be remain final.
33. In case of special case instead of mono block pump, the tenderer has to repair other pump also. Payment will be paid on the base of same capacity of mono block H.P pump.
34. Tenderer must supply & use the material as per approved vendor list.
35. AMC can extend the time limit upto 6 months if there is a balance in a work order amount.
36. At the time of fault attend, all the electrical-mechanical equipments which are required to run pump-motor set should be checked by contractor. If any equipment require replacement/repairing, contractor has to do same without fail and same have to informed to AMC officials.

FORM OF BANK GUARANTEE

In consideration of the Municipal Corporation of the City of Ahmadabad (herein after referred to as the Corporation) having agreed to exempt _____ (herein after referred to as "The said contractor") from the demand of security deposit/earnest money in cash for the due fulfillment by the said contractor of the terms and conditions of the agreement made between the Corporation and the said Contractor _____

for _____
_____ (hereinafter referred to as "The said agreement") on production of a bank guarantee for
Rs. _____ (Rupees _____
Only)

We _____ bank (hereinafter referred to as "The Bank") hereby undertakes to pay the Corporation an amount not exceeding to Rs. _____ (Rupees _____ only) on demand from the Corporation Any such demand on the Bank shall be conclusive as regards the amount due and payable by the bank under this guarantee. However, the liability of the Bank under this agreement shall be restricted to an amount not exceeding to Rs. _____ (Rupees _____ only)

We the Bank further agree that the guarantee herein contained shall remain in full force and effect during the period that would be taken for the performance of the said agreement and that it shall continue to be enforceable till all the dues of the Corporation under or by virtue of the said agreement have been fully paid and its claim satisfied or discharged, and till a certificate to the effect has been received by the Bank from the Corporation.

However, unless a demand or claim under this guarantee is made on the bank in writing on or before the _____ (specify the date) the bank shall be discharged from all liabilities under this guarantee.

We the bank further agree with the Corporation that the Corporation shall have the fullest liberty, with the consent of the Bank and without affecting in any manner its obligations hereunder to vary any of the terms and conditions of the said agreement or extend time for performance by the said time to time any of the powers exercisable by the Corporation against the said contractor and to forbear to enforce any of the terms and condition relating to the said agreement and the Bank shall not be relieved from liability by reason of any such variation or extension granted to the contractor or for any forbearance act or omission on the part of the Corporation or any indulgence by the Corporation to the said contractor or by any such matter or thing whatsoever which under the law relating to sureties would but for this provision have the effect of so relieving the Bank.

We _____ Bank undertake not to remove this guarantee during its currency except with the previous consent of the Corporation in writing.
