## **15. EVALUATION AND COMPARISON OF TENDERS**

Generally the qualifying price bids, Bid price shall mean the bid price quoted by each bidder in his bid for the complete scope of works including all duties and Taxes, will be evaluated

by the PGVCL to ascertain the best and lowest evaluated bid in the interest of the PGVCL, for the complete works covered under these specifications and documents.

**16. ARITHMETICAL ERRORS**

Arithmetical errors will be rectified on the following basis:

If there is a discrepancy between words and figures, the amount in words will prevail. If there is discrepancy between the unit price and the total price which is obtained by multiplying the unit price and quantity, or between sub-total and the total price, the unit or sub-total price shall prevail, and the total price shall be corrected. In case of discrepancy between sub-total price obtained by adding various prices in the schedule and the sub-total price indicated for that particular schedule, the sub-total obtained by addition of various arithmetically corrected prices would be considered for evaluation.

However, the PGVCL shall be entitled to award the contract at the lowest of the prices arrived at from various schedules, identified for that purposes, in the bid proposal sheets.

If the bidder does not accept the correction of the errors as above, his bid will be rejected.

**17. AWARD OF CONTRACT**

**22.1** Notification of award of contract will be made in writing to the successful bidder by the PGVCL.

**22.2** The contract will be awarded to the best qualified and responsive bidder offering the lowest evaluated bid in conformity with requirements of these specifications and documents and PGVCL shall be the sole judge in this regard and subject to the provisions of these instructions to bidders and other terms and conditions detailed out in these documents and specifications. A responsive bid is one which accepts all terms and conditions of these specifications and documents without any modifications.

**22.3** PGVCL Reserves the right to award separate contract to two or more parties in line with the terms and conditions specified in the specification.

**18. ADDITIONAL DOCUMENTS:**

At the time of evaluation of tender PGVCL \_\_\_\_\_ Circle / Division office may ask bidder to submit required documents other than mentioned in section I Point no 2.2, if required.

- 20.1 The Contractor shall pay minimum wages per day to his Labours/ Workers as per rates fixed under the Minimum Wages Act. The wages of every Contract Labour employed by him under this contract shall also be paid by him before the expiry of 7th day from the last day of the month in respect of which the wages are payable (i.e. wages of a month have to be paid by him in the first week of the next month).
- 20.2 Any default will result in cancellation of contract forthwith or else the Contractor shall be punishable to the extent of Rs. 100/- for each day of default.
- 20.3 The Contractor shall give his Addresses, Telephone Number and etc. to PGVCL, so that, in case of labour trouble etc. the Contractor can be contacted. The Contractor shall arrange to have his office within working area and the contractor keep himself present throughout the working hours.
- 20.4 The separate P.F. code issued from RPFC is required to be taken by the contractor and if it is not taken, offer of the firm will not be considered. The attested documentary evidence to be submitted along with the offer.
- 20.5 The contractors who are having separate P.F. Code No. from RPFC, it should be ensured that all the contract labourers are covered under the provident fund scheme and employees' pension scheme and their contributions are remitted regularly to the concerned RPFC. The photo copies of the Chelan in this regard should be collected from the concerned contractor and kept in the file of the concern contractor.
22. **INSURANCE:**  
The Bidder's insurance liabilities pertaining to the scope of Works are detailed out in Clauses titled Insurance Bidder's attention is specifically invited to these clauses. Bid price shall include all the costs in fulfilling all the insurance liabilities under the Contract.
- 28.1 The Contractor at his cost shall arrange, secure and maintain all insurance as may be pertinent to the Works and obligatory in terms of law to protect his interest and interests of the PGVCL against all perils detailed herein. The form and the limit of such insurance as defined herein together with the under-writer in each case shall be acceptable to the PGVCL. However, irrespective of such acceptance, the responsibility to maintain adequate insurance coverage at all time during the period of Contract shall be of Contractor alone. The Contractor's failure in this regard shall not relieve him of any of his contractual responsibilities and obligations. The insurance covers to be taken by the Contractor shall be in the name of the Contractor. The Contractor shall, however, be authorized to deal directly with Insurance Company or Companies and shall be responsible in regard to maintenance of all insurance covers. Further the insurance should be in freely convertible currency.
23. Any loss or damage to the equipment during handling, transportation, storage, erection, putting in to satisfactory operation and all activities to be performed till the successful completion of commissioning of the equipment shall be to the account of the Contractor. The Contractor shall be responsible for preference of all claims and make good the damages or loss by way of repairs and/or replacement of the equipment, damaged or lost. The transfer of title shall not in any way relieve the Contractor of the above responsibilities during the period of Contract. The Contractor shall provide the PGVCL with copy of all insurance policies and documents taken out by him in pursuance of the Contract. Such copies of documents shall be submitted to the PGVCL immediately after such insurance coverage. The Contractor shall also inform the PGVCL in writing at least sixty (60) days in advance regarding the expiry/cancellation and/or change in any of such documents and ensure revalidation, renewal etc., as may be necessary well in time.

24. The perils required to be covered under the insurance shall include, but not be limited to fire and allied risks, miscellaneous accidents (erection risks) workman compensation risks, loss or damage in transit, theft, pilferage, earth quake, riot and strikes and malicious damages, civil commotion, weather conditions, accidents of all kinds, etc. The scope of such insurance shall be adequate to cover the replacement/reinstatement cost of the equipment for all risks up to and including delivery of goods and other costs till the equipment is delivered at Site. The insurance policies to be taken should be on replacement value basis and/or incorporating escalation clause. Notwithstanding the extent of insurance cover and the amount of claim available from the underwriters, the Contractor shall be liable to make good the full replacement/rectification value of all equipment/materials and to ensure their availability as per project requirements.
25. All costs on account of insurance liabilities covered under the Contract will be on Contractor's account and will be included in Contract Price, However, the PGVCL may from time to time, during the pendency of the Contract, ask the Contractor in writing to limit the insurance coverage, risks and in such a case, the parties to the Contract will agree for a mutual settlement, for reduction in Contract price to the extent of reduced premium amount. The Contractor, while arranging the insurance shall ensure to obtain all discounts on premium which may be available for higher volume or for reason of financing arrangement of the project.
26. The clause entitled 'Insurance' covers the additional insurance requirements for the portion of the works to be performed at the Site.
27. The successful bidder will not be allowed to work after working hours except in special case, if any.
28. The successful bidder has to engage required strength of skilled persons for execution of work and proper supervisor to avoid complication and unnecessary delay to complete work timely. The successful bidder will be solely responsible for labour claims arising out of the labour employed for this job.
29. The successful bidder should furnish details of past experience of such job of similar nature completed by him satisfactorily within the time limit in PGVCL will be preferable.
30. The successful bidder will be abide by and fulfil all the terms and provisions of the "Tender and contract" for works as applicable and in case of any default there to the PGVCL Company shall forfeit the S.D. or any other action as may be decided by Superintending/Executive Engineer Bhuj/Mandvi,Circle/Division.
31. **The successful bidder will certify that he has complied with the provisions of Industrial & Labour Laws including PF Act, ESI Act etc. as may be applicable. Copy of challans of PF related to be submitted along with bill.**
32. The successful bidder will governed by the PGVCL general conditions of works contract. The Booklet will be available in the concerned office in any working days. In the event of placing order, the successful bidder will be bound to the terms & conditions of the booklet. All the usual terms and conditions of the Company though the same might have not been mentioned in this specification or contractor booklet will applicable to this contract, and the decision of the Executive Engineer, Mandvi Division shall be binding on the Contractor.

## SECTION V

### TAXES and Duties: GST

1. The prices are excluding GST and Cess as applicable which will be paid extra on a given taxable goods and/or services. The amount and % of GST and Cess as applicable should clearly be indicated separately. (GST/Cess means all applicable Tax/Cess under GST Laws.
2. GST Laws means IGST Act, GST (Compensation to the State for Loss of Revenue) Act, CGST Act, UTGST Act and SGST Act, 2017 and all related ancillary legislations).
3. The offers having price INCLUSIVE OF GST and Cess is likely to be rejected if the rate of GST and Cess is not mentioned clearly unless the bidder has opted for Composition Scheme under GST Act, which should be clearly indicated in the price bid. COMPANY may at its discretion consider such offer with presumption of highest applicable rate of VAT/GST/Cess prevailing when the price quoted is inclusive of GST and Cess.
4. If the Contractor has opted for the Composition scheme of GST, the same must be clearly specified with valid Declaration & Certificate from Department. In the event of withdrawal/cessation of the Supplier from Composition scheme during the tenure of the contract, the rate mentioned in the price bid shall be final and any additional GST will have to be borne by the tenderer. In no case additional amount towards tax or otherwise will be paid / reimbursed to supplier/contractor. Further Statutory Variation clause will not be applicable in case of Supplier / Contractor has opted for Composition Scheme under GST.
5. Contractor should charge GST in Invoice at the rate as agreed to/mentioned in acceptance of tender only and any deviation in the same shall not be accepted. Further, any additional liability of GST (later on due to wrong mentioning of GST rate, mis-interpretation of HSN/SAC Code, etc.) over and above as charged in the invoice shall be borne by the Supplier/Contractor. However, any refund received by the supplier / contractor on account of GST charged from the company; such refund shall have to be passed on to the company, along with interest if any. Such refund along with interest needs to be passed on suo-moto by the contractor.
6. Further, the Company has a right to recover the amount of GST along with penal interest at the rate of 15% per annum if GST charged is not paid/short paid to the government or fail to upload the details or uploads inaccurate particulars on GSTIN portal by the Supplier / Contractor within the stipulated time limit.  
In case, Govt. revises the rate of GST rate / Code during the tenure of the contract, the provision of GUVNL's statutory variation clause shall apply.
7. **INPUT TAX CREDIT BENEFIT**  
In the event of any statutory increase in the rate of Input Tax Credit and / or due to inclusion of any other additional item of their inputs / input services under the ambit of the Input Tax Credit provisions under the GST Act, subsequent to the date of submission of the offer, the same should be passed on to COMPANY and you should inform such changes to COMPANY from time to time. PGVCL's GST Registration No. is **24AADCP1453C1ZZ**
8. **TAXES, PERMITS & LICENCES:**  
The Contractor shall be liable and pay all foreign taxes, duties, levies lawfully assessed against the PGVCL or the Contractor in pursuance of the Contract. In addition the Contractor shall be responsible for payment of all Indian duties, levies and taxes lawfully assessed against the Contractor for his personal income & property only.
10. **Income Tax -TDS**  
"Income-tax at source at the prevailing rate will be deducted from bills in accordance with the provision of Income-Tax Laws and to that effect a certificate will be issued to the contractor, however added as contractor has to submit separate invoice for supply parts item as well as works part item separately, otherwise TDS will be deducted on entire invoice value."
11. Applicable welfare cess will be deducted from contractors each bill by PGVCL to pay the same to the respective Govt. Department. Tax will be deducted as per applicable statutory rules.
12. **Statutory Deduction**  
Statutory deduction will be made as per applicable rules & rates for TDS, GST TDS, welfare cess or any other taxes applicable time to time etc. All other statutory liabilities towards this contract will be on your part.
11. **STATUTORY VARIATION**  
Any statutory increase in the taxes subsequent to your offer if it takes place within the contract period will not be considered **except GST**. No statutory variation will be given for this work **except GST**. However, if any decrease takes place within/after the contractual delivery date, the advantage will have to be passed on to PGVCL.

12. The Contractor shall be fully responsible for deducting the P.F. of the employees/labour Working under him as per statutory regulations and depositing the same with the concerned authorities.
13. The Contractor shall comply with the relevant laws of India.
14. **ACCIDENTS:**  
The Contractor shall be liable for and shall indemnify the Employer against all losses, expenses or claims arising in connection with the death of or injury to any person employed of the Contractor or his subcontractors for the purposes of the Works.

## **SECTION VI**

- 1.29 If the work is required to be carried out during fix outage then the successful bidder has to deploy adequate man power, material, tools etc. well in advance and has to complete the entire work during this specific outage period only, failing to which Company shall be at liable to deduct the amount of revenue loss due to prolong outage.
- 1.30 The tender include all minor accessories and items of work which may not have been specifically mentioned in the specification / Schedule etc. but are essential for completion of work. The contractor will **not be eligible for any extra payment** in respect of such minor accessories and item of work.
- 1.31 The successful bidder shall not refuse to execute the work order at any time and it will be his sole responsibility to execute and complete this work as per the instruction of Engineer In Charge.
- 1.32 For shortage of any materials issued by the PGVCL for the work, recovery shall be made from you, on the basis of prices of the materials (prevailing on the date of settlement of materials account) plus 15% supervision charges.
- 1.33 The successful bidder has to carry out all the works in accordance with revised and latest provision under I.E. Rule Act made there under and as per instruction of Engineer In Charge.
- 1.34 All the materials issued by PGVCL shall be transported to the work site on same day and to be preserved in safe custody failing to which PGVCL shall initiate Police action. Similarly as per instruction of Engineer In Charge, you have to credit the material at PGVCL store without any loss of time failing to which PGVCL shall initiate Police action.
- 1.35 Any delay causing extension of outages shall be successful bidder's responsibility and appropriate amount (in term of Rupees) as decided by Superintending/Executive Engineer, \_\_\_\_\_ Circle/Division shall be recovered from successful bidder's bill as a penalty with applicable GST.
- 1.36 No tools, tackles, manpower, crane facilities etc. will be provided by the PGVCL.

- 1.37 The contractor has to follow all labour laws, safety rules and regulations. The PGVCL does not take any responsibility in case of accident or injury to the workers. The safety, security of men, materials and equipment shall be sole responsibility of the contractor.
- 1.38 The compliances of all Central / State Govt. Rules, safety and insurance rules etc. and that of local body is a must condition for the successful bidder.
- 1.39 The successful bidder shall specifically note that PGVCL will not pay any extra amount towards any type of claim except for the description indicated in Schedule -A. The party has to carry out all other additional required activities / work as directed by Engineer In Charge which is not mentioned in Schedule but required to be completed as per the site condition and for this work no extra payment shall be made by PGVCL.
- 1.40 The contractor should employ as a Supervisor with sufficient qualification and experience who could supervise the execution of work throughout. He should always be present on the site.
- 1.41 The contractor shall be responsible for breakages, losses and a theft of material during transit or erection after the materials issued from the stores till the completion of work and is taken over by the PGVCL.
- 1.42 As regard damages to the materials, equipment, successful bidder himself will be responsible. If there is any compensation to be paid in respect of "WORKMAN" Compensation Act or any other statutory provisions, the same will be paid by contractor directly. If he thinks fit, he may take necessary insurance covering at his cost.
- 1.43 The successful bidder shall co-operate with the PGVCL for taking measurement etc. as early as possible and he shall fulfil the entire requirement which is necessary to finalize the accounts.
- 1.44 The competent authority can delete any item in schedule of the tender if he feels that the rate quoted by the contractor for the item is abnormally high when compared to the estimated rates.
- 1.45 The successful bidder shall not refuse to execute this work order at any time and it will be his sole responsibility to execute and complete this work as per the instruction of Engineer In Charge.
- 1.46 The erection work should be carried out according to the specification as per instructions and programmed laid out by the Engineer in charge. Contractor has to ensure safe shifting and erection of all accessories/equipment as per standard norms.
- 1.47 The Bidder shall not display the photograph of the work and shall not take advantage through publicity of the work without written permission of PGVCL.
- 1.48 The inspection as mentioned in above clause No. 6 of this section by PGVCL's representative shall not relieve the successful bidder from full responsibility of completing the work confirming to the requirement of this contract.
- 1.49 Under the Contract, the Contractor shall be responsible for loss or damage to the line and Electrical Equipment until the successful completion as defined elsewhere in the Bid document.
- 1.50 All demurrage, wharf age and other expenses incurred due to delayed clearance of the material or any other reason shall be to the account of the Contractor.
- 1.51 The law applicable to the contract shall be the laws in force in India. The courts of Rajkot shall have exclusive jurisdiction in all matters arising under the contract.

**Date:**  
**Sign & Stamp of the Bidder**

**2 PRICE EVALUATION:**

No price preference shall be given on any account. All tenders must be submitted firm price basis (Inclusive of all Taxes) and lowest evaluated bid in the interest of the PGVCL, for the complete works covered under these specifications and documents.

If more than one party is to be considered for placement of order, they will have to match their end cost with end cost of L-1 technically acceptable bidder. PGVCL (tender Inviting Authority) may go to the L-2, L-3 and so on depending upon the requirement. If PGVCL (tender Inviting Authority) feels that there is lack of serious competition or any other reasons, PGVCL (tender Inviting Authority) may negotiate with the L-1 party. PGVCL's (tender Inviting Authority) decision shall be final and binding on all the parties.

**3 QUANTITY DISTRIBUTION**

**3.1 For Erection & Maintenance work of HT/LT/TC:**

The Contractors whether non-experienced / New or experienced / Regular who have confirmed / fulfilled pre eligibility criteria, as mentioned in Section 1 Sr. No. 2, will only be considered for price evaluation. PGVCL will not consider the, price bid of any contractor who does not confirm / fulfil the eligibility criteria as mentioned in Section 1 Sr. No 2.

3.1.1 While placing the order, the quantity distribution to each new contractors / new firms shall be restricted up to 30 % of the tender amount/Qty. for all such new bidders provided the price of New contractor is lower than the regular/experienced contractor. New contractor / new firm will be considered as a regular contractor only after full filing experience criteria as mentioned in Bidders qualifying criteria as per point no. 2 in Section I.

3.1.2 The new contractor will be asked to match the L-1 prices of the new contractor only and the Regular contractor has to match the L-1 price of the Regular/experienced contractor only.

But if there are no Regular contractor OR if the rate of Regular contractor is very high, the above condition no. 2.11 shall be suitably relaxed by PGVCL. L-1 regular contractor however will get heavy weight age in order placement.

3.2.2 The new contractor will be asked to match the L-1 prices of the new contractor only and the Regular contractor has to match the L-1 price of the Regular/experienced contractor only. But if there are no Regular contractor OR if the rate of Regular contractor is very high, the above condition no. 2.21 shall be suitably relaxed by PGVCL. L-1 regular contractor however will get heavy weight age in order placement. The Contractors who have confirmed / fulfilled pre eligibility criteria will only be considered for price evaluation. PGVCL will not consider the price bid of any contractor who does not confirm / fulfil the eligibility criteria. L-1 regular contractor however will get heavy weight age in order placement.

**4 IDENTIFICATION OF SITE:**

Details of each location shall be made available through Executive Engineer of each concerned Divisions under above locations. The planning for each location has to be prepared in consultation of the Deputy Engineer of the concerned Sub Division under whose control the work is allocated. The work must be carried out under Supervision of concerned S/dn Head or Authorized Staff appointed by SDO.

**5. ALLOTMENT OF MATERIAL AND ITS STORAGE**

Required material for the work as per Schedule shall be allotted from any store Centres of PGVCL jurisdiction and successful bidder has to take delivery from these stores at his own only.

**6. Contractor will be issued only 3 (Three) Sub work orders at a time. He will be issued Fourth Sub Work Order only after the submission of Inventory sheet with sketch and material account statement for any of the three previously issued Sub Work Orders.**

**7. TAKING DELIVERY AND INSURANCE:**

7.1 The contractor has to keep all materials in safe custody and transport to the respective sites and will be fully responsible for any damage to or loss of all materials at any stage during transportation or erection till taking over by PGVCL

7.2 The Contractor has to open site store/s (Maximum Two Nos.) and ensure for safe custody of all the stored materials at his own cost. Material which is to be allotted by PGVCL is to be carted, loaded and unloaded at Bidder's cost and risk from PGVCL's respective Stores. PGVCL must have access to such Store/s at any time of Day thought the contractual period and Contractor will cooperate for verification of such store/s and Inventory accounting. Failing to which actions may be initiated after issuance of required Notice to the Contractor. Store address/s is to be mentioned in the "General information about the Bidder" under Section I of this Tender.

7.3 The Contractor shall have total responsibility for the entire materials stored, loose, semi assembled and/or erected by him at site in his custody. The Contractor shall make suitable security arrangements at his own cost to ensure the protection of all materials, equipment and works from theft, fire pilferage and any other damages and loss. It shall be the responsibility of the contractor to arrange for security till the works are finally taken over by the PGVCL.

**7.4 STORAGE-CUM-INSURANCE:-**

The contractor shall take suitable storage-cum-erection insurance cover at his cost to the extent of 100 % cost of materials, which are required to complete the work. Contractor shall have to take comprehensive insurance policy equivalent to the Order Value against any loss, damage, theft, pilferage, fire etc. for the complete period of storage, erection and commissioning up to the time of taking over by PGVCL. The Contractor shall deal directly and pursue the claim with the Insurance Company and shall be responsible in regard to maintenance of all insurance coverage as well as for settlement of claim. The proof of insurance policy taken by the successful Contractor shall be furnished to Engineer-In-Charge. In absence of the above insurance policy, R.A. Bill payment will be withheld.

In the event of any damage, theft, loss, pilferage, fire etc., Contractor will be responsible to lodge, pursue and settle all the claims with the Insurance Company for all items, materials and the PGVCL shall be kept informed about it. Contractor shall replace the lost / damaged materials / items promptly irrespective of the settlement of the claims by underwriter and ensure that the work progress is as per agreed schedule. The loss, if any, such replacement will have to be borne by the Contractor and PGVCL will not entertain any claim / representation in this regard. However it will be contractor's responsibility to insure the entire project is taken over by the PGVCL.

**8. Account of material issued:**

8.1 The successful bidder shall have to maintain accurate day to day item wise account of use of issued materials which shall be got checked from time to time by the Engineer In Charge of the Company. The contractor will be responsible for custody and preserving the issued materials till the work is hand over by the contractor after completion.

8.2 The successful bidder has to maintain site register, covering all the daily details of material receipt and utilization, progress of work etc. This register shall be checked and signed by Engineer In Charge/Deputy /Executive Engineer, \_\_\_\_\_ Sdn/Division during the site visit as per requirement and exigency of work if deem fit.

8.3 After completion of the work against each Sub Work Order, all the surplus materials issued by the PGVCL shall be returned by you to the respective divisional /Regional stores only at contractor's cost. **Such Material Shall not be credited in S/Dn store.**

**9. Work Completion Period:**

9.1 In the event of placement of order, successful bidder shall have to complete the ordered work within \_\_\_\_ Days from the Date of issue of Work Order.

9.2 Time limit of each sub work order should not be maximum up to 60 Days.

**9.2 WORKING DAYS: -**

In case, it is not possible for the successful bidder to continue the work either due to heavy rains or other reasonable causes, such facts should be immediately brought to notice of the Engineer In Charge. If the reasons for stopping the work are genuine the Engineer In Charge may ask the successful bidder to start the work again as per condition. The period of such stoppage will not be considered as a part of working days moreover the successful bidder cannot claim compensation for such stoppage.

**9.3 PROGRESS OF WORK**

You will have to submit fortnightly progress report regularly in duplicate to Engineer In Charge and Executive Engineer Mandvi. If found that the work is unsatisfactory or not progressing as per schedule then any action would be taken by the PGVCL as may deemed fit to see that work is completed at the risk and cost of contractor. **The completion time allowed for each Sub work Order shall be strictly observed.**

10 Time limit extension will be given, as per Clause No. 12 of this section, if material is not supplied in time and in any case of objection not cleared in time. But if materials given in time and there is no any objection, then no time limit extension will be granted and penalty with applicable GST with Cess will be imposed as per rules.

**11 CHANGE OF QUANTITY:**

11.1 During the execution of the Contract, the PGVCL reserves the right to increase or decrease the quantities of items under the Contract but without any change in unit price or other terms & conditions. Such variations unless otherwise specified in the accompanying GCC and/or Technical Specifications, shall not be subjected to any limitation for the individual items but the total variations in all such items under the Contract shall be limited to the extent of 30% (Thirty Percent) of the contract price by way of suitable amendment to the contract.

11.2 The Contract price shall accordingly be adjusted based on the unit rates available in the Contract for the change in quantities as above. The base unit rates, as identified in the

Contract shall however remain constant during the currency of the Contract, In case the unit rates are not available for the change in quantity, the same shall be subjected to mutual agreement.

- 11.3 As this is an EPC contract, engineering work will be done by the Contractor. Responsibility of material will be that of the contractor.

**12. Penalty with GST:**

- 12.1 Penalty with GST is levied on the time limit of Sub Work Orders. If the work is not completed within the scheduled period as prescribed in Sub Work Order, penalty with GST and cess as applicable at the rate of 0.5 % per week or part thereof on delayed portion subject to maximum up to **10 %** of the sub work order Value with GST and cess as per applicable rate. This will be deducted from the bills payable either against this contract or any bank guarantee or any other amount payable under any other contract with the PGVCL. For Penalty calculations or Time limit Extension, following points are to be observed.
- 12.2 Start Date of Sub Work Order for Penalty Calculation will be the **Day/Date on which the first material is issued against the Sub Work Order**.
- 12.3 If material is not available in respective stores then “NO STOCK” stamping by Store In-charge/Store Keeper must be taken against the particular item by the contractor.
- 12.4 In Case of non-availability of Material, contractor must visit the respective store every fortnight and no stock material details are to be submitted to respective Executive Engineer and concerned SDO.
- 12.5 TLE of Sub work order can be granted on the basis of above such documents produced by Contractor.
- 12.6 Time limit Extension must be given as per F & A Letter No. PGVCL/F&A/5083/14-06-2017 and PGVCL/F&A/745/11-06-2018.
- 12.7 At the time of submission of Bill against SWO, all such Documents are to be submitted by contractor for waiver of Penalty if applicable.
- 12.8 Time limit of Annual Work Order should be maximum up to 365 Days.
- 12.9 During the execution of Work, if Contractor/Labour are found violating OR Breaching the Safety rules and Regulations, then Engineer-in-Charge will serve the **warning Notice on first Instance**. On **second Instance** the amount of Fine will be **Rs. 500.00 or 0.1 %** of amount of SWO (Whichever is high) with GST and cess. Even If after above two instances, still Contractor found breaking of Safety Rules and Regulations then Procedures for Stop dealing must be initiated against him as per rules and regulations.

**13. Payment terms shall be as follows:**

- 13.1 Payment will be made against Invoice value and shall be paid against actual execution. The bills should be submitted in Duplicate to respective Superintending/Executive Engineer, Circle/Division Office along with following documents:
- Measurement Report of each site by PGVCL authorized inspection Officer (not below the rank of Deputy Engineer)
  - Material Accounting for work duly certified by Engineer-in-charge
  - Work Completion Certificate duly signed by Contractor for which the Bill is submitted.
  - Copy of Insurance Policy against the Material equivalent to the Order Value as per Tender Condition No. No.7 under this Section.
  - DOP is to be followed for Payments against the Work Orders.
- 13.2 R.A. Bill shall be paid by the PGVCL, if it satisfy with the output of works otherwise only final bill shall be paid.
- 13.3 The time limit for the work may be reduced and contractor should make all his efforts to complete the work within stipulated time limit as may be given by the Engineer In Charge depending upon emergency of work.

**14 FORCE MAJEURE:**

Force Majeure means any circumstances beyond the control of the parties including:

- 14.1 War and other hostilities, (whether war be declared or not), invasion, act of foreign enemies, mobilization, requisition or embargo;
- 14.2 Rebellion, revolution, insurrection, military or usurped power and civil war;
- 14.3 Ionizing radiation or contamination by radioactivity from any nuclear fuel or from any nuclear waste from the combustion of nuclear fuel, radioactive toxic explosive, or other hazardous properties of any explosive nuclear assembly or nuclear components thereof;
- 14.4 Riot, commotion or disorder, except where solely restricted to employees of the Contractor.
- 14.5 Neither party shall be considered to be in default or in breach of his obligations under the Contract to the extent is that performance of such obligations prevented by any

circumstances of Force Majeure that arise after the date of the Notification of Award.

- 14.6 If either party considers that any circumstances of Force Majeure have occurred which may affect performance of his obligations he shall promptly notify the other party.
- 14.7 Upon the occurrence of any circumstances of Force Majeure, the Contractor shall endeavour to continue to perform his obligations under the Contract so far as reasonably practicable. The Contractor shall notify the Engineer-in-Charge of the steps he proposes to take including any reasonable alternative means for performance, which are not prevented by Force Majeure. The Contractor shall not take any such steps unless directed so to do by the Engineer-in-Charge.
- 14.8 If circumstances of Force Majeure have occurred and shall continue for a period of 180 days, notwithstanding, the Contractor may by reason thereof, having been granted an extension of Time for Completion of the Works, either party shall be entitled to serve upon the other, 30 days' notice to terminate the Contract. If at the expiry of the period of 30 days Force Majeure shall continue, the Contract shall terminate.

**15 TESTING & COMMISSIONING:**

The successful bidder will ensure that completion of execution of work i.e. all works connected with line having been completed correctly as per Indian Electricity Rules & procedure. Any extra cost involved due to incompleteness of work or bad workmanship found out subsequently shall be set right with and by you at your own cost.

**16 HANDING OVER OF ASSET**

- 16.1 After successful completion of the lines and Transformers or any other electrical equipment the entire newly created network is to be handed over to the concern Deputy Engineer of PGVCL. The handing over note covering the details of all the materials used and total work executed must be signed jointly by the bidder and PGVCL Engineer. Copy of handing over note must be attached along with bill.
- 16.2 The contractor shall arrange to hand over the complete work immediately on completion of entire work.

**17 Recovery**

If some material/Item is not installed/fixed for allotted work and as per SOR by contractor due to non-availability of particular item/material for long period of time and TLE cannot be approved for that work beyond certain time limit Or such item if not required to be installed at particular location, then Recovery is to be made as mentioned below for not carrying out that work from SWO issued for that work.

➤ Empty Wooden Drum (Assorted Sizes) : Rs. 325.00 per Drum

**All work other than above must be completed by contractor and No any other Recovery should be made other than above Work.**

**Date:**

**Sign & Stamp of the Bidder**

## **18 CONTRACT QUALITY ASSURANCE:**

- 18.1 The Bidder shall include in his proposal the Quality Assurance Program containing the overall quality management and procedures which he proposes to follow in the performance of the Works during various phases as detailed in relevant clause of the General Technical Conditions.
- 18.2 At the time of Award of Contract, the detailed Quality Assurance Program to be followed for the execution of the Contract. PGVCL reserve the right to inspect the work at any stage of contract i.e. during the execution and after the execution of work.
- 18.3 The Bidder shall clearly specify the list of sub-vendors from whom the bought out items (if any) are being supplied. Such details shall be accompanied by their list of previous supplies made performance reports etc. However, in case of orders are placed, specific approval shall be obtained from the PGVCL for the vendor supplied materials. The quality assurance program shall be furnished for each material separately for approval.

## **19 TERMINATION OF CONTRACT ON PGVCL'S INITIATIVE**

- 19.1 In case of any type of misappropriations, cheating or intention of cheating, frauds, irregularities, malpractice, etc. the Managing Director PGVCL reserves the right to cancel the order without giving reasons thereof and forfeit the security deposit.
- 19.2 The PGVCL reserves the right to terminate the Contract either in part or in full due to reasons other than those mentioned under clause entitled 'Contractor's Default. The PGVCL shall in such an event give fifteen (15) days' notice in writing to the Contractor of his decision to do so.
- 19.3 The Contractor upon receipt of such notice, as per point no.19.2 above, shall discontinue the work on the date and to the extent specified in the notice, make all reasonable efforts to obtain cancellation of all orders and Contracts to the extent they are related to the work terminated and terms satisfactory to the PGVCL, stop all further sub-contracting or purchasing activity related to the work terminated, and assist PGVCL in maintenance, protection, and disposition of the works acquired under the Contract by the PGVCL. In the event of such a termination the Contractor shall be paid compensation, equitable and reasonable, dictated by the circumstances prevalent at the time of termination.
- 19.4 If the Contractor is an individual or a proprietary concern and the individual or the proprietor dies and if the Contractor is a partnership concern and one of the partners dies then unless the PGVCL is satisfied that the legal representatives of the individual Contractor or of the proprietor of the propriety concern and in the case of partnership, the surviving partners, are capable of carrying out and completing the Contract the PGVCL shall be entitled to cancel the Contract as to its in completed part without being in any way liable to payment of any compensation to the estate of deceased Contractor and/or to the surviving partners of the Contractor's firm on account of the cancellation of the Contract. The decision of the PGVCL that the legal representatives of the deceased Contractor or surviving partners of the Contractor's firm cannot carry out and complete the Contract shall be final and binding on the parties. In the event of such cancellation the PGVCL shall not hold the estate of the deceased Contractor and/or the surviving partners of the estate of the deceased Contractor and/or the surviving partners of the Contractor's firm liable to damages for not completing the Contract.

## **20 ARBITRATION:**

Any question, dispute or difference whatsoever arises between PGVCL and Bidder, in connection with this agreement except as to matters, the decision for which has been specifically provided, either party may forthwith give to the other notice in writing of existence of such questions, dispute, difference and the same shall be referred to the sole arbitration of a person nominated by Managing Director, PGVCL. This reference shall be governed by Indian Arbitration Act prevailing at the time of dispute and the rules made there under. The award in such arbitration shall be final and binding on all the parties. Work under the agreement shall continue during the arbitration proceedings unless the PGVCL or the Arbitrator directs otherwise.

## **21 SECRECY:**

The technical information, drawings, specifications and other related documents forming part of the enquiry or Contract are property of PGVCL and shall not be used for any other purpose, except for the execution of the contract. All rights related to the technical specifications, drawings and records are reserved by PGVCL only and no part or partial should be reproduced, copied or alter without prior permission to PGVCL in writing. In the event of the breach of this provision, PGVCL can claim the damages caused by such events.

## SECTION IX

### Technical Specifications

#### TECHNICAL SPECIFICATIONS FOR THE WORK TO BE CARRIED OUT For erection work 11 KV and L.T. Distribution lines and Transformer Centres

##### **GENERAL:**

The work should be strictly as per specifications and approved designs of the PGVCL. The inferior and unsatisfactory work is liable for rejection and to be rectified at the cost of contractor. The work will have to be carried out as per programmed laid down by department and under the entire instruction of engineer-in-Charge and contractor should employ supervisor who could supervise the works through out and he should remain present on site. No tools & Tackles will be supplied by the department.

##### **(A)Erection of HT and LT Lines:**

Site clearing and tree branches trimming which come in the way of line will be done by the contractor at his cost. The Company will assist the contractor in getting necessary permission for tree cutting etc. Any claim for compensation in above respect will have to be borne by contractor.

##### **(B)Fixing: Pole Position:**

The Points of pole structures, guys and earthing will be fixed by the department and will be shown to the contractor. He should adhere to these locations in all circumstances unless directed by the department to make any change. The Poles from One site to other site or at proposed locations must be carted by loading on Tractor or Hand-Cart. The Poles shall not be carted by toeing/Dragging with Tractor or Cart or with any other means.

##### **(C)Pole setting:**

Where poles are set in good solid ground the depth of pit shall be 1/6th of the height of the pole and for grounds of any other nature. The pit must be size of 2 X 2 X 5 feet. The poles and guys must not be set at the edge of cuts/at shore/embankment where the soil is liable to be washed or eroded out of such setting should be avoided. While back filling, earth must be packed tight and in no case earth be dumped to greater depth more than four inches without being rammed, hard before the next layer is thrown in. Extra earth should be packed around the poles and rammed.

The cost of damage done to the pole during erection will be recoverable from the contractor. No pole, which is out of plumb or out of alignment shall be accepted. The pole will be in his safe custody till erected and he is liable to compensate to the Company the full cost of pole along with supervision charges, if the pole is broken during erection, or stolen from his custody. He should be able to render full account of the poles entrusted to him whenever the Supervising Officer demands to scrutinizes the same.

##### **(D)Erection of Complete single Pole Structure**

Erection of single pole structure comprises of shifting of pole from the stacking place in the village, excavation of pit, erection in position (with base plate where required), of 8/10 meter PSC poles / 9 to 13 meter Steel Pole or any other suitable pole, fitting of clamps and cross arms and fabricated materials, fixing of caution board, anti-climbing device etc. complete as per drawing and specification inclusive of painting, numbering. Generally vertical formation will be used on each pole. However horizontal formation will have to be used in special circumstances as per instruction at Engineer in change.

**Date:**

**Sign & Stamp of the Bidder**

#### (E) Double Pole (D. P.) Structure

Double poles structure such as for HT line tapping, Railway crossing, any other HT/LT or telephone line crossing, terminal structure for distribution transformer centre comprises of Excavation suitable pits and refilling of earth, erection in position of two Nos. of 8/10 meter PSC

poles / 9 to 13 meter Steel Pole or any other suitable pole, fitting of clamps, cross arms, bracing cross arm bracing etc. as per drawing/ standards with mounting D.O. fuses/A.B. switches/HT metering equipment's etc., painting, Pole numbering, fixing of caution Board and anti-climbing devices.

The D.P. must be properly aligned and must be in plumb. Special structure if included will be erected as per drawing supplied. Each Shackle Points must have "D" type Jumpers only.

#### (F) Stringing of conductors

This includes stringing of stranded and solid bare conductor with fitting of necessary HT/LT pin and strain insulators, binding on insulators, jumpers, the jointing in HT line will be done by twisting sleeve joints as per standard practice. Care must be taken in handling the conductor to protect against cuts, scratches or kinks. The conductor must not be drawn over rough or rocky ground, when it is liable to be damaged. AAA/ACSR conductors must be drawn on wooden or aluminium pulley only. Wastage and cutting should be avoided as far as possible. Not more than 3 % sag will be accepted in the materials account. The sag and spans will be maintained as per drawing/standard. The cross arms insulators must be so fixed that neither tilts nor bands from position. The sagging should be uniform for all conductors and uneven sagging will not be allowed. The ground clearance to be maintained as per IE Rules 2010 Clause No. 58 as mentioned below.

<b>Across a street</b>	For lines of voltage not exceeding 650 Volts	<b>5.8 Meters</b>
	For lines of voltage exceeding 650 Volts but not exceeding 33 kV	<b>6.1 Meters</b>
<b>Along any street</b>	For lines of voltage not exceeding 650 Volts	<b>5.5 Meters</b>
	For lines of voltage exceeding 650 Volts but not exceeding 33 kV	<b>5.8 Meters</b>
<b>Elsewhere than along or across any street</b>	For lines of voltage up to and including 11,000 Volts	<b>If bare - 4.6 Meter If insulated- 4.0 Meter</b>
	For lines of voltage exceeding 11,000 Volts but not exceeding 33 kV	<b>5.2 Meter</b>

- An overhead line shall not cross over an existing building as far as possible and no building shall be constructed under an existing overhead line.

Where an overhead line of voltage not exceeding 650 V passes above or adjacent to or terminates on any building, the following **minimum clearances** as per IE Rules 2010 Clause No. 60 from any accessible point, on the basis of **maximum sag**, shall be observed, namely:-

- for any flat roof, open balcony, varandah roof and lean-to-roof and Pitched Roof**
  - When the line passes above the building a vertical clearance of highest part of building immediately under such line **2.5 meters** from the highest point,
  - When the line passes adjacent to the building a horizontal clearance of **1.2 meters** from the nearest point

Date:

Sign & Stamp of the Bidder

- (ii) Where an overhead line of voltage exceeding 650 V passes above or adjacent to or terminates on any building, the following minimum clearances as per IE Rules 2010 Clause No. 61 from any accessible point, on the basis of maximum sag, shall be observed, namely:-
- when the line passes having voltage 650 V and up to and including 33000 V above the building a vertical clearance of highest part of building immediately under such line **3.7 meters** from the highest point,
  - When the line having voltage 650 V and up to and including 11000 V passes adjacent to the building a horizontal clearance between nearest Conductor and any part of such building on the basis of maximum deflection of wind must be **1.2 meters**
- (iii) Minimum clearances in **meters** between lines crossing each other as per IE 2010 Clause No. 69 are as below.

Sr. No.	Nominal System Voltage	11-66 kV	110-132 kV	220 kV	400 kV	800 KV
1	Low and Medium	2.44	3.05	4.58	5.49	7.94
2	11-66 kV	2.44	3.05	4.58	5.49	7.94

In case of illegal construction / structure on the line under erection, the same is to be put in written notice to the Engineer-In-charge.

#### **(G)Erection of Stay Set:**

The erection of stay set comprises of anchor rod, turn buckle, eye bolt and excavation of suitable pit size of 2 X 2 X 5 foot, fixing of stay clamp on pole, binding of GI stay wire. The stay insulators must be inserted in the stay wire on all stays as per drawing. The wrapping of the Guy wire strands at both ends the stay insulator must be even and must presents neat appearance and good workmanship. No stay should be left loose but should be tight and straight to withstand in say cyclone or sand storm, the item includes refilling of earth and painting of fabrication material. If stays are not required to be concreted, a pre casted cement concrete block will be supplied by the department from his division store which the contractor will have to transport at his own cost to the site of work and will have to use for fixing of anchor rod at site.

#### **(H)Earthing:**

A pits of 2 X 2 X 5 foot is to be dig about 4 foot away from the pole on which earthing is required to be carried out. The earthing pipe/earthing plate/earthing coil supplied by the company shall be used as per specification and drawing. GI wire no. 8 SWG for earthing should be bolted with earthing pipe/earthing plate/earthing coil. G. I. Wire must be passed through PVC rigid Pipe which must be buried at least 0.5 Meter in ground and to be kept 2.0 Meters above ground along the Pole. The earthing are to be done at place as indicted in the pole schedule or as selected by the field Engineer. The coke and salt will have to be supplied by the contractor at his cost. Erection of earthing should be carried out under the supervision of the Engineer in charge or nominated Supervisors. At least 20 KG of salt and 20 KG of coal per earth on alternate layers (as per drawing) will be used by contractor. No amount will be paid if the work is not done in accordance with these specification.

#### **(I)Guarding:**

The guarding will have to provide at crossing of lines, telephone line crossing, road crossing and any accident prone places as indicated by the Engineer in Charge. The work comprises of fixing of guard cross arms, eye bolts, guard cradle as per design, GI cross lacing wires complete. Any special type of guarding if required will be designed by the department. Binding cross arms must be used where the HT line crosses the road. The ground clearance, line to line clearances etc. to be maintained as per IE Rules 2010 69 and 70. The poles for road crossing may be concreted as instructions of the Engineer In-charge. The work has to be carried out as instructions of the Engineer In-charge.

**Date:**

**Sign & Stamp of the Bidder**

**(J)Painting and Numbering:**

Rail poles and girder poles shall be given one coat of approved red-lead paint and two coats of approved aluminium paint. All fabricated material will also be painted with two coats of approved aluminium paint and there should be sufficient interval between every coat of painting in order to allow for drying. The bolts and must shall be dipped in anticorrosive oil before insertion. The lower portion of steel poles up 3 foot above ground level shall be cleaned of all dust and rust. This surface should be given a base coat of red lead and an additional coat of black bituminous paint before inserting in the ground. The good quality paint will be supplied by the contractor and should be of I.S.I mark and will be got approved from Executive Engineer, prior to starting work.

Name of the feeder and pole number has to be written on all the poles in English/Gujarati as per instruction of Engineer In-charge. The colour of back ground and name/number must be of contrast colour. Prior to apply Colour for Numbering on P.S.C poles, it should be properly cleaned and all accumulations of earth, dirt etc. should be removed.

**(K)Concreting:**

**Unless Specified concreting is to be done for Girder Poles/Guys only. No any PSC Pole/Guys to be concreted without any special reason. The Concreting of PSC Poles must be approved by concerned Executive Engineer prior to execution as per Tender Condition mentioned under Section III Clause No. 2 and sub clause No. 8. Certificates for special Reason and approvals must be submitted with detail Bill.**

Cement concrete for any pole / stay should be carried out as per specification given by Engineer In-Charge as and where required. Concreting should be with one part of cement, two part of specified quality sand and four parts of well burnt Brice bats (1:2:4). The mixture should be prepared on GI sheet and should be free from the dust. Cement, river sand and metal should be used by contractor at his own cost. The finishing coat of cement plaster shall be applied on outer surface Concreting and boxing for smoothness.

The normal size of concreting of pole shall be 2 X 2 X 2 Feet (0.226 cmt) & that for stay 2 x 2x 1 Feet (0.113 cmt). **In case of Boxing** for pole, it shall be 18" dia. x 3 feet (h) (2' above and 1' below ground) (0.15 cmt).

**(L)Distribution Transformer Centre:**

The distribution transformer centre (10 KVA to 200 KVA) will be of outdoor type on two poles structures as per standard drawing and 5 KVA Transformers are to be on Single Pole. This work include erection of special two pole structure as per Item No. 2 and fixing of all fabricated material for support of line, L.A., HG Fuse/AB Switch, Transformer, LT Dist. Box, cable wiring, anti-climbing devices etc. The works includes of transportation and hoisting of transformer, numbering and painting of all fabricated materials. For transformer having capacity of 100 KVA and above MS channel shall be utilize which will be supplied by the company. Three Earthing are to be provided on each Transformers.

- 1) Earthing of LA on One side.
- 2) Earthing of all Metal Parts from Top angle and Transformer Body and Dist. Box on other side.
- 3) For neutral, two separate Earth wire on both side of Transformer and to be common at ground.

All three earthing are to be done as in Delta Formation as shown in the attached Drawing. All earthing wires are to be connected by proper size of lug and bolted at each earthing points properly. The Earthing of Transformer Body must be done with lug only.

**Date:**

**Sign & Stamp of the Bidder**

Looping or winding with Earthing Bolt on Transformer Body is not allowed.  
Earthing wire Lugs are to be brought by Contractors. No any extra cost will be paid for this material.

Extra payment for hard soil or rock is payable as per SOR as per committee report to be formed to decide hard soil or rock which shall consists of Concerned SDO, Deputy Engineer (Tech) and Executive Engineer.

The cost of damage done to the transformer while erection/Transportation is recoverable from contractor.

**IMPORTANT:**

Before starting the work(new, alteration or addition) and during the works the contractor must obtain lineclear wherever necessary for the concerned officer of this office of other Office. For any damage done to the Men, Materials and/or property due to non-observance of rules, the contractor will be solely responsible.
