Amendment – 1

**Sub: Amendment of technical specifications of 220kV, 132kV & 66kV Circuit breakers. (GETCO/E/1, 2 & 6 TS – CB /R5 July 22)**

With ref to the above subject, following changes in existing technical specifications of 220kV, 132kV & 66kV Circuit breakers (GETCO/E/1, 2 & 6 TS – CB /R5 July 22) shall be considered as under.

**1.18 TESTS:**

**1.18.1 Type Test: -**

**Existing paragraph: (Page 16 of 44)**

The type test reports from NABL approved laboratory shall not be older than 10 (Ten) years and shall be valid as on the last date of submission of bid.

**Revised paragraph:**

The type test reports from NABL approved laboratory shall not be older than 10 (Ten) years and shall be valid as on the last date of submission of bid. **However, for 66kV Class Circuit Breakers**, the type test reports from NABL approved laboratory shall not be older than **15 (Fifteen)** years and shall be valid as on the last date of submission of bid.

**Existing paragraph: (Page 17 of 44)**

The Bidder shall furnish one set of the type test reports for the Circuit breakers of the type and Design offered by him along with the bid. The Type Test report shall not be older than 10 (TEN) years on the date of expiry of offer.

**Revised paragraph:**

The Bidder shall furnish one set of the type test reports for the Circuit breakers of the type and Design offered by him along with the bid. The Type Test report shall not be older than 10 (TEN) years on the date of expiry of offer. **However, for 66kV Class Circuit Breakers**, the Bidder shall furnish one set of the type test reports for the Circuit breakers of the type and Design offered by him along with the bid. The Type Test report shall not be older than **15 (FIFTEEN)** years on the date of expiry of offer.
