**Principal Chief Engineers,  
CAOs (Con), & All concerned,  
(As per mailing list enclosed)**

**Sub:** Initial inspection of Turnout Switches of new drawings.

\*\*\*\*\*

The issue of inspection of the switches of new drawings manufactured by the firms for the first time, by RDSO has been raised by some of the Zonal Railways. It has been intimated that approved vendors of switches are not being considered eligible for supply of the switches of new drawing for want of approval of their prototypes. In this context, it has been decided that:

- The requirement of prototype approval for all the new drawings of Thick Web Switches is withdrawn. All the approved / developmental vendors of thick web switches should be considered approved / developmental vendors for supply of switches of all the new drawings whether their prototype is approved or not.
- All the approved / developmental vendors of Thick Web Switches will be eligible for supply of switches of all the new drawings issued by RDSO.
- QAP and gauges of the switches of new drawings shall be approved by RDSO.
- Inspection of initial two sets of the switches (By agency nominated in the Purchase Orders) of the new drawings manufactured by the firms for the first time shall be witnessed by RDSO.
- After witnessing the inspection, any suggestions for improvement in manufacturing will be conveyed to the firm.

Necessary changes in the Vendor directory of the turnout switches are being done accordingly.

Above is for kind information in this regard.

DA: Nil
