17	Special Conditions is attached in documents section.	No	No	Not Allowed

**Special Conditions**

S.No.	Description	Confirmation Required	Remarks Allowed	Documents Uploading
1	The contractor/firm shall ensure that no materials or vehicle (Track, Jeep etc.) be followed to come within 6.0 mts. of the centre of any railway track without obtaining prior written permission of the Engineer/Inspector incharge of the work.	No	No	Not Allowed
2	In all such cases, where contractor's vehicle work in the proximity of track or his material is unloaded/kept by the side of the track he will ensure that a properly trained supervisor is deputed at his own cost. The name of such a supervisor will be intimated by the contractor well in advance in writing to the Engineer and the inspector incharge of the work. If the Engineer Incharge is not satisfied with such a person the contractor shall replace his immediately.	No	No	Not Allowed
3	The contractor shall ensure at all the time that his vehicles which work in the proximity of track are kept at any above distance from the running track so that there is no possibility whatsoever of their coming in contract with the trains. For this purpose, the contractor will give in writing to the inspector incharge of the work, in advance indicating the areas in which his vehicle are likely to work in the proximity of track. The inspector incharge will depute his look out men to guard against contractor vehicles infringing the above schedule of dimensions. The cost of these look out men will be realized from the contractors. However, in all such cases, the responsibility/for maintaining the above schedule of dimensions will rest with the contractor who will ensure by taking all precautions that his vehicles did not foul the above dimensions and collide/obstruct with the railway rolling stock	No	No	Not Allowed
4	The contractor shall also ensure that any materials brought by him and unloaded in the proximity of track is always kept clear of the track without infringing the above schedule of dimensions and is also kept in a manner that the material is not likely to move/slip towards the track and infringe it.	No	No	Not Allowed
5	In case of contractor's failure to ensure that his vehicles are kept away from the track at a safe distance and/or his material is kept away from the track at a safe distance and such a neglect on the part of the contractor results in any accident with a rail vehicle, the railway shall be free to terminate the contract at the risk and cost of the contractor for his failure to carry out his contractual obligations. In addition the entire cost of such as accident which in suffered by the Railway along with incidental charges and penalties will be realised from the contractor for his default. In this regard, the decision of the engineer will be final and binding.	No	No	Not Allowed
