- iv. ‘Margin of purchase preference’ means the maximum extent to which the price quoted by a “class-I local supplier” may be above the L1 for the purpose of purchase preference which is 20%. However, it will be taken as per the status of the policy reckoned as on the date of tender opening.

They can’t claim themselves as Class-I local suppliers/Class-II local suppliers by claiming the services such as transportation, insurance, installation, commissioning, training and after sales service support like AMC/CMC etc. as local value addition.
- vi. Special treatment for items covered under PLI scheme

The manufacturers manufacturing an item under PLI scheme shall be treated as deemed class II local supplier for that item unless they have minimum local content equal to or higher than that notified for class-I local supplier for that item, provided the manufacturer has received incentive from the concerned PLI Ministry for the item. There shall be no exemption from payment of security deposit for developmental orders outside the requirement.

- c) If all the tenderers found eligible for development order based on the eligibility criteria have past supply performance for same or similar items, then developmental order can be placed upto 20% of NPQ within ICF requirement.
 - d) If all the sources found eligible for developmental order do not have supply performance for same or similar item, then developmental order can be considered upto 20% of NPQ, however proportion of quantity within or outside the ICF requirement may be decided by TC/TAA based on the past supply credential of the firm with ICF, nature/criticality of item etc.
- 10.4.4 The splitting of quantity among developmental orders shall be done as per the splitting criteria indicated in para 11.2 below. However, developmental orders may be placed at differential rates within reasonable limits.
- 10.4.5 If new/un-trying tenderers have already been considered for placement of one developmental order for same/similar item in any one of the previous tender for the same/similar item (similar item as defined in tender document) and/or their capacity and capability assessment is pending/ firm has not reached to a stage of offering prototype, such firms shall not be considered for further developmental order till their capacity and capability assessment is successfully completed/ firm offers prototype for inspection in pending cases.
- 10.4.6. (a) For consideration of a vendor for placement of a developmental order, their rate should be lower than the rate of vendors, considered for placement of regular orders except for the firms' considered eligible for purchase preference.
- (b) However, for the items where it is considered essential to go for placement of developmental orders on vendors whose received rates are higher than the rate applicable for approved sources for regular order/suitable for bulk supply based on eligibility criteria where there is no approved list, such offers can also be considered for placement of developmental order(s).
- 10.5 In case proven suppliers of Railway/Production Unit do not respond in the tender or the performance of such suppliers not satisfactory or exorbitant rates are quoted by them or cartel formation is suspected, then offers of the untried/new firms or the ICF past suppliers for similar items may be considered for regular order for bulk or entire quantity or part quantity where prima-facie the purchaser feels and is satisfied about their capability to supply tendered items based on the information submitted by the tenderers along with the offer. Otherwise, ICF reserves the right to re-invite the tender depending upon the merit of the case.
- 10.6 Railways reserves the right to procure stores with preferential treatment as per the following Public Procurement Policies of Government of India as brought out in 'Section-I, Instructions to Tenderers' as amended from time to time:

- 10.8 If necessary, the purchaser may seek clarifications on the offers by requesting for such information from any or all the tenderers, either in writing or through personal contact, as may be considered necessary. However, tenderers will not be permitted to change the substance of their offers after the offers/e-Bids have been opened.
- 10.9 Purchaser reserves the right to consider the offers based on their past supply performance. If the past supply performance of the firm for same/similar item in general(similar item as defined in tender document) is not satisfactory, the offers are liable to be ignored. The satisfactory performance is assessed based on the number of delivery period extensions granted, rejectionsetc.This is applicable for approved sources listed in vendor directory also.The tender opening date will be the reference date for assessing the performance of a firm in a tender and any improvement in performance by a firm after tender opening shall not be factored in purchase decision.
- 10.10 Ordering on approved sources:
- 10.10.1 Wherever necessary, as per procurement policy of the Government, Purchaser reserves the right to order either the entire or bulk quantity from firms for such items which are reserved for procurement of entire/bulk requirements from approved sources who have been approved by RDSO, Production Units (PUs), CORE, etc. as Approved vendors to manufacture and supply the tendered item. The approval status of the tenderer will be reckoned as on the date of opening of the e-tender and not thereafter. However, in case of downgrading/removal/suspension/banning after opening of e-tender, such changes shall be taken into account while considering the offers. The tenderers who are on the approved list of RDSO, Production Units (PUs), CORE, etc. for the tendered item as regular or developmental as on date of tender opening need not submit any other document in support of their performance and machinery & plant details. However these vendors while quoting for other items shall be required to submit all the credentials as per the eligibility criteria.
- 10.10.2 Minimum 80% of the net procurement quantity shall be ordered on regular approved vendors.

- ii) where the rate received from new sources are lower than those applicable to approved sources and where new sources are having potential for supply of quality material and are having infrastructure of plant and machinery and testing equipment. However, for the items where it is considered essential to go for placement of developmental orders on vendors whose received rates are higher than the rate applicable for approved sources for regular order, such offers can also be considered for placement of developmental order(s).
- iii) whose offers are technically suitable.
- iv) who meet the pre-defined eligibility/qualifying Criteria and technical capability specified in the tender document. The credentials of having met the pre-defined criteria shall be based on the details uploaded by the tenderer like past performance, infrastructure details such as machinery and plant, testing facilities, Quality Assurance Plan, technical manpower, etc, in absence of which the tenderer may not be considered for placement of any order.

10.10.4 However, development order may be given upto 20% of net procurement quantity on unregistered/untried firms about whom Railway is prima facie satisfied that they are capable of executing the order as brought out in para 10.4 above.

10.10.4.1 For Items which are to be procured from approved sources of RDSO and other approving agencies:

- i) Where there are not more than three Indian Suppliers categorized as approved vendor for a particular item, developmental vendors can be considered for placement of bulk order without any quantity restrictions. However, while considering such vendors, factors including past performance, capacity, delivery requirements, quantity under procurement, nature of item, outstanding order load etc. shall be considered in a transparent manner, subject to rates being reasonable. Quantity allocation among eligible vendors shall be based on pre decided tender criteria. Such orders shall be treated as bulk orders.
- ii) For the above purpose, Indian supplier shall be as defined in para 10(e) of Public Procurement (Preference to Make in India) Order, 2017, which is as follows:

All the relevant policies of Government of India at the relevant time shall be applicable.

10.12.4 On submission of final price offers through Reverse Auction, it shall be construed that the tenderer has revalidated the original validity of the offer for further ninety (90) days from the date of e-RA.

10.13 Firms and their associates who are banned from business dealing with Indian Railways will not be considered for placement of order.

10.14 Purchaser reserves the right to discharge and/or re-tender the case, in case the L-1 technically suitable tenderer withdraws/modifies their offer. 11.0 Splitting Criteria:

11.1 In case of no prior decision to split the order:

11.1.1 Normally full order would be placed on L-1 firm. However, if after due processing, it is discovered that the quantity to be ordered is more than what L1 alone is capable of supplying and there is no prior decision to split the quantities, then the quantity being finally ordered

will be distributed among the other bidders in a manner that will be fair, transparent and equitable. The manner of splitting will take specific note of the following parameters:

- (i) Past performance of bidders
- (ii) Capacity of bidders
- (iii) Delivery requirements in the tender
- (iv) Quantity under procurement
- (v) Vital/safety nature of the items

11.1.2 In the absence of any differentiation on the above parameters, the manner of splitting will be based on the stipulation given in para 11.2.2 below.

11.2 In case of pre-decided split ordering:

11.2.1 Purchaser will specify in the special conditions to have more than one source of supply on account of delivery requirement in tender, past performance and capability of bidders, quantity under procurement and vital/safety nature of items.

11.2.2 Following provisions shall be applicable in all such cases of pre-decided split ordering:-

- (A) The Purchaser reserves the right to distribute the procurable quantity on one or more than one of the eligible tenderers. Zone of consideration of such eligible tenderers will be the right of the Purchaser. The zone of consideration will be a dynamic mix of inter-se position of firms, supply performance of the firms, quantity being procured, criticality of and lead time of supply of the item, number of established suppliers, their capacity, etc.
- (B) Whenever such splitting of the procurable quantity is made, the quantity distribution will depend (in an inverse manner) upon the differential of rates quoted by the tenderers (other aspects, i.e., adequate capacity-cum-capability, satisfactory past performance of the tenderers, outstanding order load for the Railway making the procurement, quoted delivery schedule vis-à-vis the delivery schedule incorporated in the tender enquiry, etc. being same/similar) in the manner detailed in the table below:

Price differential between L1 and L2	Quantity distribution ratio between L1 and L2
Upto 3%	60:40
More than 3% and upto 5%	65:35
More than 5%	At least 65% on the L1 tenderer. For the quantity to be ordered on the L2 tenderer, Purchaser shall decide.

In the phrase 'differential rates quoted by the tenderers', the quoted rate would mean-

- (i) When no price negotiation has been called for, the original rates as obtained at the time of tender opening.

(ii) When price negotiation has been called for, the reference L1 rate for assessment of ratio will be the original rate of L1 firm (suitable for bulk quantity), as obtained at the time of tender opening.

(C) If splitting of quantity is required to be done by ordering on tenderers higher than the L2 tenderer, then the quantity distribution proportion amongst the tenderers will be decided by transparent/logical/equitybased extrapolation of the model as indicated in the above para.

11.2.3 Under exceptional circumstances, Purchaser reserves the right not to split the ordered quantity even in cases of where pre-decided splitting criteria is specified in the tender document.

11.2.4 In the cases of inadequate capacity-cum-capability, dissatisfactory past performance, large quantity of outstanding orders (liquidation of which will take very long time), etc., the Purchaser shall have the right to distribute the procurable quantity amongst tenderers with due consideration to these constraints and in such a manner that would ensure timely supply of material in requisite quantity to meet the needs of operation, maintenance, safety etc. of the Railways, regardless of inter-se ranking of the tenderers and in a fair and transparent manner with due conformity to the Principles of Natural Justice and Equity.

11.3 For cases where the Rlys/PUs had entered into ToT/JV agreements, Railway reserves the right to place orders on all such ToT/JV agreement partners. However, for ratio/proportion of quantity distribution among such agreement partners, conditions as detailed in para 11.2.2 (B) shall apply.

12.0 Communication of Acceptance:

12.1 Acceptance of tender will be communicated by digitally signed email, FAX or formal acceptance of tender direct to the tenderer or through his authorised agents. In case where acceptance is indicated by email or FAX, the formal acceptance of tender will be forwarded to the contractor as soon as possible, but the communication of email or FAX shall be deemed to conclude the contract.

12.2 If any terms or conditions mentioned in the 'Letter of Acceptance' or 'Modification Advise' are not as per the offer submitted, the same should be represented within 7 working days failing which, it will be deemed unconditional acceptance of the supplier and no representation thereafter will be entertained by the purchaser on this account.

There shall be no exemption to such bidders from submitting SD for all tenders published during the period of time they are so disqualified as per the declaration signed by them.

Annexure XII

For tenders which include CAMC

A) The rate of discounting is 10%, unless otherwise specified in the tender document.

B) NPV calculation is furnished below:

Model calculation of NPV (Net Present Value) at rate of 10% discounting for five years for comparative evaluation of CAMC offer in order to equitably compare different CAMC charges for different years at the same footing in the assessment of FOR destination price.

NET PRESENT VALUE – PRESENT VALUE OF CASH FLOWS MINUS INITIAL INVESTMENTS.

FORMULA: $P = NPV \{1+r/100\}^n$

Where r= rate of discounting

n= number of years

P= offered value

If offered value of P for 1st year is say Rs.100- and if rate of discounting is 10%

Then $100 = NPV \{1+10/100\}^1$

= $NPV \{1+0.1\}$

= $NPV \times 1.1$

$NPV = 100/1.1 = 90.90$

NPV for Rs.100/- for 1st year = 90.909

Then NPV factor for 1st year = 0.9091

Similar NPV factor for second, third, fourth and fifth year is calculated & shown below:

Sl. No.	Year	Cost in Rs.	PV factor @10% per annum	Total cost of CAMC after discounting factor in Rs.
1	First year AMC cost	P1	0.9091	P1 X 0.9091
2	Second year AMC cost	P2	0.8264	P2 X 0.8264
3	Third year AMC cost	P3	0.7513	P3 X 0.7513
4	Fourth year AMC cost	P4	0.6830	P4 X 0.6830
5	Fifth year AMC cost	P5	0.6209	P5 X 0.6209
	TOTAL COST			P

NB: 1) The total CAMC cost will be calculated after multiplying the quoted rates with PV factor i.e., after discounting annual cost @ 10% per annum.

2) In above table total cost "P" after calculating shall be taken for evaluation of financial ranking.
