Sub: Incorporation of **approved list of Approved laboratories** for testing of Engineering Materials in tender document for improvement in quality of works.

Ref: CE/P&D/ALD's letter no.291-W/2/QC/Inspection dated 20.12.2013, 17.09.2015.

As per the letter referred, approved laboratories for testing of Engineering materials in tender document for improvement in quality of work in North Central Railway was approved with the advise to incorporate invariably in the tender document.

Nine years has passed and in mean time various NABL approved/ New laboratories / Institutes have been developed and are required to be incorporated in the list of approved laboratories /institutes in the tender document.

The Standard Tender document for Works Tender in North Central Railway is under process for approval. In this circumstances, there is need to revise the list of Approved laboratories/ Institutes for testing of Engineering materials in standard tender document (to cover all the material required to be tested) for improvement in quality of work over the North Central Railway.

Further, if the performance of any approved laboratories/institutes (in the approved list) is not good/ satisfactory/suitable, then the **negative performance** report of the same should be submitted for processing the deletion from approved list.

If any other NABL/ approved/ New laboratories / Institutes is required to be added and not approved by NABL, then necessary documents with recommendation for the same is required for the purpose of approval to the incorporation in the approved list.

Please send the above details for inclusion/deletion (required if any) duly signed by Sr.DEN(Co-ord.) / Dy.CEs latest by 15.04.2024.

DA: List of already approved laboratories for testing of Engineering Materials.

  
(Narendra Singh)
