Special Conditions

S.No.	Description	Confirmation Required	Remarks Allowed	Documents Uploading
1	Use of Railway Land:- Use of railway land required by the contractor(s) for constructing temporary offices, quarters, hutments, etc for the staff and for storing materials, etc. will be permitted to him/them free by railway if available. The location of these offices hutments, stores, etc will be subject to the approval of the Engineer or his representatives. The land will be restored to the railway by the contractor(s) in the same condition as when taken over in vacant condition as desired by the engineer, after completion of the work or at any earlier days as specified by the Engineer. The failure to do so will make the contractor(s) liable to pay the cost incurred by the railway for getting possession of land.	No	No	Not Allowed
2	Use of Private Land:- The Contractor will have to make his/their own agreements for use of private land, outside railway limits for due fulfillment of contractor or for borrow pits approach, etc directly with the landowners or local authority and to pay such rent if any as are payable as may be mutually agreed upon between them.	No	No	Not Allowed
3	Cess Charges:- (a)For Contractor's labour employed /residing at the station and in colonies where railway sanitary facilities exist, Contractor(s) will be required to pay Cess charges as per rules in force on the railway from time to time. (b)For labour working between station or isolated places where railway facilities do not exist, the Contractor(s) shall be required to provide necessary sanitary facilities for their labour. (c)In terms of Clause 59 (4) of the General Conditions of Contractor(s) and expenditure thus incurred will be recovered from his/their bills.	No	No	Not Allowed
4	Contractor's Responsibility to arrange Tools, Plants, Machinery, etc:- The Contractor should make his/their own arrangements for all plants and tools required for the successful completion of the work in time. However, railway may if available, provide on their terms and at the cost of Contractor(s) cost and terms as fixed by the railway as per extant rules) Railway's tools and plants, machinery and stores such as pumps, compressors, drills, tractor, trailers, rails, sleepers, C.C. I. sheets, etc and other facilities which the Contractor may require for the expeditious completion of this contract and which in the opinion of Engineer is necessary but the railway undertake no responsibility for doing so. The decision of the Engineer as to the necessity for the works facilities of stores will be final.	No	No	Not Allowed
5	Precautions while working in the Vicinity of Tracks:- (a) When the work is required to be done alone or near the existing railway track, the contractor(s) shall take such steps as are necessary for the safety of the track and labour working at site. He/They will also be required to program his/their working so as to not to interfere with the movement of trains. No extra payment shall be allowed for these precautions and also for crossing track/tracks if required during execution of the work. It should be ensured that the ballast of the track(s) is not spoiled or mixed with earth. (b) In addition to the precautions taken by the Contractor(s) for the safety of the track and labour, it may be necessary to post flagmen in some location as an additional safety measure, for which the cost shall be recoverable from the Contractor(s). The contractor(s) shall be fully responsible for any damage to or trespass caused by his/their men to any surrounding structure, railway bears no liability whatsoever on this account.	No	No	Not Allowed
