GREEN SUPPLY CHAIN INITIATIVES

Suppliers are encouraged to adopt environmentally responsible practices in their supply chain operations.

The following green initiatives are advised:

1. Minimize waste generation through efficient use of materials and processes.
2. Reduce carbon emissions by improving energy efficiency and using renewable energy sources where feasible.
3. Optimize packaging and logistics to reduce environmental impact.
4. Use eco-friendly materials and green manufacturing processes.
5. Promote recycling, reuse, and responsible disposal of products and materials.
