

Annexure

Supply of various size of DI- Electrical safety shoes, Electric Shock Resistant up to 30 kV as per given specification. Various sizes of electrical safety shoes will be given at the time of delivery. **One sample should be approved by the consignee before bulk supply. Test certificate must be submitted by the firm.**

Qty.- 100 Pairs.

SPECIFICATION

S.N.	Description of Dielectric Shoes	
1	Size Range	5,6,7,8,9,10,11
2	Test Voltage	30 kV
3	Installation voltage	Up to 26.5 kV
4	Sole	Electric shock resistant sole
5	Heel	Slip resistance
6	Heel comfort	Heel energy absorption
7	Durability	Good abrasion
8	Type of Construction	Vulcanized rubber upper and sole
9	Safety footwear	EN ISO 20345:2011
10	Electrically insulated footwear	EN 50321-1:2018CIUI3
11	Lining material	Polyester grade lining
12	Toe Cap	Steel Toe cap with Epoxy coated toe caps for anti-corrosion
13	Chemical Resistance	Good resistant towards acids and alkalis
14	Finishing	Lacquer coating for weather protection
15	Cleaning	Machine/hand easy wash
16	Warranty/Guarantee	1 year warranty against material
