

SPECIAL CONDITIONS FOR PARTICIPATING TENDERER ANNEXURE 2

The following conditions are applicable in addition to those contained Technical specification / requirements. In case, any of the conditions mentioned hereunder are contrary to those mentioned elsewhere, conditions mentioned in this document (Special Conditions of Tender) shall supersede the corresponding conditions given in Specifications.

A) Qualifying Requirement of Tenderers –

1. The tenderer shall provide satisfactory evidence, acceptable to the purchaser to show that he is a regular manufacturer and has adequate plant and manufacturing capacity and has a 'Quality Assurance Program'. Information as per Annexure- 1 may please be furnished. The manufacturer must have valid ISO 9001 certificate on the original date of closing of tender and a copy of same should be submitted along with the bid. Traverser or EOT Crane should be in the scope of ISO certificate.
2. (i) The bidder / manufacturer may qualify either on the basis of past supplies made against COFMOW tender or on the basis of supplies made to other purchasers (para 2(ii) & para 2(iii))

(a) Proforma for submission of statements along with bid :

Statement of past supplies along with, (i) Purchaser's name and (ii) address, (iii) email address and (iv) phone/fax number of purchaser, (v) Purchase Order (PO) or Supply Order number and (vi) PO date (vii) along with the copies of Purchase Order (PO), (viii) quantity supplied (with proof of supply), (ix) date of supply and (x) their commissioning details with date shall be submitted along with the offer. Copies of POs/commissioning/performance certificate submitted shall also indicate the parameters/specification of subject machine to prove same / similarity aspect of the machine as mentioned in Para 3 below; **technical specification** of the machine from the related document of the PO may be attached to supplement the PO in regard to the respective parameters of similarity aspect of the machine. Specifications attached shall have linkages to the PO.

(ii) Supplies made against COFMOW, Zonal Railway, Railway PUs & Govt. PSUs purchase orders:

Bids for traversers shall be acceptable only from those bidders/manufacturers who have supplied traversers of similar or higher load capacity as per para 2 (ii) a.

(a) Qualifying quantity:

The bidder/manufacturers must have supplied at least 2 (two) Traversers (2 track or multi-track) of same or higher load capacity in last 5 (five) years (to be reckoned from the original date of closing of tender) and PTCs of Such traversers are issued prior to the date of closing of bid.

(b) Performance Criteria:

Performance Certificate of atleast 1 (one) such traverser (which are counted for the purpose of Clause 2 (ii) (a) above) supplied in last 5 (five) years and the traverser

covered by these certificates must have worked satisfactorily for at least one year from the date of commissioning as on the original date of closing of tender.

(iii) Supplies made inclusive other organizations / firms:

Bids for traversers shall be acceptable only from those bidders/manufacturers who have supplied Traversers / EOT Cranes of as follows:

(a) Qualifying quantity:

The bidders whose offer does not meet the qualifying criteria as laid down in clause 2 (ii) above, shall also be considered for both 2 track and multitrack traversers, if they have supplied,

At least 05 traversers of 35 T or higher capacity to others viz. Public Sector Undertakings, Central/State Government Departments, other Public / Private Companies / firms or Zonal Railways / Production Units in last 05 (five) years as reckoned from the original date of closing of tender.

OR

At least 10 EOT cranes of 50 T or higher capacity through COFMOW Orders or to Public Sector Undertakings, Central/State Government Departments, other Public / Private Companies / firms or Zonal Railways / Production Units in last 05 (Five) years as reckoned from the original date of closing of tender.

(b) Performance Criteria:

Performance Certificate of atleast 2 (two) such Traversers / EOT Cranes (which are counted for the purpose of Clause 2 (iii) (a) above) supplied in last 5 (five) years and the Traversers / EOT Cranes covered by these certificates must have worked satisfactorily for at least one year from the date of commissioning as on the original date of closing of tender.

3. For the purpose of similarity, similar machine required under clause 2 means *“Traverser” with same or higher load capacities in reference to quoted model (in terms of capacity as specified in Schedule-I of this specification).*
4. The performance certificate shall not be older than one year from the original date of closing of tender. The performance certificate issued after original date of closing of tender (in case where tender closing date has been extended) are also acceptable, however, the machine must have completed one year of satisfactory working after date of commissioning as on original date of closing of tender.
The performance certificate submitted by the tenderer shall have been issued by the actual end user organization of the machine, with their clear signature and address therein, in whose premises the machine is installed and commissioned. Performance certificates should preferably be as per Annexure A1.

5. All necessary information/documents required for establishing reference requirement as per clause A (2) to A (4) above shall be submitted by the bidder along with original offer itself for establishing traceability of documents/entities such as manufacturer/PO/consignee/supply/installation/commissioning/performance certificate of the machine. No further clarification/ correspondence shall be sought / entertained in this regard. In case, no information or incomplete information or illegible information is furnished by the bidder, their offer shall be summarily rejected.
6. Non-compliance to leading parameters mentioned in Schedule-I of Section V of Annexure 1 shall lead to summary rejection of the offer and no correspondence in this regard will be entertained.

7. No developmental order will be placed for this tender.

Annexure-A1 (Certificate of Performance)

Important Note: i) The certificate shall not be older than one year from the original date of closing of tender. The performance certificate issued after original date of closing of tender (in cases where tender closing date has been extended) are also acceptable however the machine must have completed one year of satisfactory working after date of commissioning as on original date of closing of tender.

ii) Performance certificate shall contain following information.

Letter Head of issuing authority

See Important Note above) Date of issuance:

TO WHOMSOEVER IT MAY CONCERN

S.N	Head	Details
1	Name of the Supplier	
2	Name of End User	
3	Name of the machine /description of machine /	
4	Purchase/Supply Order Number	
5	Date of Purchase/Supply Order	
6	Date of Supply of machine(s) /crane	
7	Quantity supplied	
8	Manufacturer's Serial Number(s) of machine(s) or Plant/system etc. number (or some mode to identify the machine) (Optional)	
9	Date of Commissioning (Give individual date for each machine)	
10	Performance of the machine	Satisfactory/unsatisfactory
11	Any other information which user intends to append, for example a) aspects bringing out similar nature of machine, b) major/leading parameters of the machine/ crane.
