

SECR General Tender Condition-2019

SECTION-I	
1.0	General:
1.1	The Principal Chief Materials Manager, South East Central Railway on behalf of the President of India, duly authorized, invites e-bids from established and reliable manufactures or their authorized dealers/authorized agents for the supply of the items as set forth in the "Schedule of Requirements". The price should be quoted in Indian Rupees unless stated otherwise in tender documents.
1.2	Tenderers are advised to carefully read all the Instructions, the General and Special Conditions of tender, and Indian Railway Standard (IRS) Conditions of Contract, before submitting their e-bids. By submission of e-bids along with declaration signed digitally, it will be presumed that the tenderer has read, understood and accepted all the conditions of the tender document and those referred therein and undertake to abide by the same.
1.3	Your digital signature on the E-Tender form will be considered as your confirmation that you have read and accepted all the conditions laid down in the E-tender documents referred in para 1.2 above as well as schedule of tender, consisting of Techno-Commercial offer Form (including special conditions attached to E-Tender) and Financial offer Form, unless specific deviation is quoted in the Techno- Commercial offer form.
1.4	All mandatory field marked with (*) have to be filled in by bidders.
1.5	Firms which are not registered on IREPS may refer to Annexure-I in which details of registration procedure on IREPS site are mentioned. They are also advised to refer Annexure -II in which procedure for obtaining CLASS-III digital signature is indicated. Manual offers sent by post/Fax or in person shall not be accepted against such E-tenders even if these are submitted on the Firms letter head and received in time. All such manual offers shall be considered as INVALID offers and shall be rejected summarily without any consideration.
1.6	The Tenderer must fill in the techno-commercial offer form (consisting of eligibility criteria, terms & conditions, performance statement, deviation statement, check list & special conditions etc.), financial offer form and attach scanned copy of all the documents needed as per Annexures given in this document.
1.7	All the mandatory fields of the Techno-commercial Offer Form and Financial Offer Form (i.e. Rate page) including basic rate, all taxes & duties (including maximum percentage of GST or any other taxes/duties which may become applicable during the currency of Contract), freight and any other charges shall have to be filled up by the vendor. The unit of rate shall be as indicated in the tender schedule and cannot be changed or altered by the vender. Thereafter, all inclusive unit rates on FOR destination basis shall be automatically calculated by the system and shown to the vendor before submission of offer.
	Important Note: All tenderers should note carefully that the entries for rate, taxes & duties, freight and any other levy shall have to be made by them only in the relevant fields as provided in the financial offer form. In case, any entry made by tenderer outside the relevant field, same shall be ignored by the system while evaluating the offers for the reason that the comparative statement is prepared automatically by the system on the basis of the entries

	as made by tenderer in the relevant & respective field only. This computer generated comparative statement forms the basis for evaluation of offers, deciding the inter- se ranking of offers and further deciding the tender accordingly. For example, if freight charges are mentioned extra and are not quantified in exact amount in the appropriate column/field, then freight charges shall be taken as nil in the comparative statement prepared automatically by the E-Procurement System. Similarly if the GST, packing charges, forwarding charges etc. are not quantified in exact %age, then these elements like taxes/duties etc. shall also be taken as nil by the system in the comparative statement prepared automatically by the IREPS system. It is therefore, in the interest of the vendors to enter the exact %age or Amount in the relevant fields in the financial offer form, failing which any entry made by the tenderer outside the relevant field shall be ignored and considered the same with impact as nil while deciding the inter-se ranking of the offers irrespective of the fact whether the tenderer has mentioned specific rates at some other place in its offer instead of the nominated field. Therefore, it is quite essential for the vendor to note that the entries for rate, taxes/duties, freight, discount and any other levy should not be made anywhere else except in the appropriate field/column provided in the financial offer form.
1.8	Tenderer should note that, if any column/field is left blank either in Techno- Commercial Offer Form or Financial Offer Form by them in Electronic Tender SOR, etc, both in respect of technical as well as commercial matters, then it will be treated as NIL deviation by SECR and thereafter no change in those parameters will be accepted/permitted by SECR.
1.9	Tender documents are not transferable and their cost (if any) is not refundable and the same, if applicable is to be submitted with digital signatures by the pre-authorized personnel of the vendor, already registered with the site.
1.10	In case of any contradiction in the terms and conditions appearing in IRS Conditions of Contract and General conditions specified in the tender documents, the later (i.e General conditions specified in the tender documents) will prevail. In case of any contradiction in the terms and conditions appearing in General Conditions and Special conditions specified in the tender documents, the later (i.e Special conditions specified in the tender documents) will prevail.

1.2.1.1. 1	<p>Ordering on the vendors Assessed/Developed /Approved by RDSO</p> <p>i) Status to be taken as on tender opening date: The status of the vendor (i.e. approved or developmental vendor) shall be reckoned as on the date of tender opening and not thereafter. However, cases of downgrading/ removal/ suspension/ banning etc., after opening of tender, shall be taken into account while considering the offers.</p> <p>ii) Orders on developmental vendors shall be developmental orders and treated as such, specifically, with regard to applicability of liquidated damages for delayed supplies and levy of general damages.</p> <p>iii)Quantity Allocation</p> <p>(a)Developmental Vendors shall be eligible for developmental order of 20% of NPQ in regular tenders. Total quantity to be ordered on developmental sources shall be limited up to 20% of NPQ (Net Procurable Quantity) in regular tenders.</p> <p>(b)Approved Vendors shall be eligible for bulk order, as per predefined tender conditions.</p> <p>[Para (a) & (b) as Railway Board letter No.2001/RS(G) /779/7 ,dtd. 25.06 .18]</p> <p>(c)Where there are not more than three Indian Suppliers categorized as Approved Vendor for a particular item, developmental vendors can be considered for placement of bulk order without any quantity restrictions. However, while considering such vendors, factors including past performance, capacity, delivery requirements, quantity under procurement, nature of item, outstanding order load etc. shall be considered in a transparent manner, subject to rates being reasonable. Quantity allocation among eligible vendors shall be based on pre decided tender criteria. Such orders shall be treated as bulk orders. Indian Supplier shall be as defined in Para 10(e) of Public Procurement (Preference to Make in India) Order, 2017, which is as follows. “ A supplier or bidder shall be considered to be from India if (i) the entity is incorporated in India, or ii) a majority of its shareholding or effective control of the entity is exercised from India, or iii) more than 50 % of the value of the item being supplied has been added in India.”—[Para(c) as Railway Board letter No 2001/RS(G)/779/7 ,dtd. 06.11.18]</p> <p>f) Where the procuring Railway Unit is satisfied about the constraint of RDSO approved sources to meet the requirement of signaling cables of Railways, the procuring Railway, may dispense with the requirement of procuring signaling cables from RDSO approved sources. However being category-II item, inspection by RDSO and specification of RDSO shall be applicable as per Railway Board letter No.99/RS(G)/709/1 Pt.1 dated 11.03.2005.It shall be ensured that tender conditions and procurement is compliant to Public Procurement (Preference to Make in India), Order 2017”.[Para(f) as Railway Board letter No.2014/Sig/SGF/3/Cables(Pt), dtd. 26.07.18.]</p>
1.2.1.1. 2	<p>Splitting of Tendered Quantity: Orders on developmental vendors shall be developmental orders and shall not amount to splitting. Splitting of quantity for bulk order shall be governed by instructions as contained in letter no. 99/RS(G)/779/2 pt. dated 11/02/2016.</p>

1.2.1.3	Negotiation: Negotiation shall be conducted as per extant instructions on the matter. However, there could be a case where, subsequent to conduct of negotiation, offer of approved vendor becomes lower than offer of developmental vendor(s), whose offer(s) were originally lower than the offer of the vendor, with whom negotiation has been conducted. In such cases, quantity distribution shall be with respect to the original rates quoted in the tender. Any counter offer, consequent upon such negotiation with approved vendors, made to developmental vendor shall not constitute negotiation.
1.2.1.4	Inspection: (i) The present system of inspection of supplies from RDSO approved vendors shall continue. ii) RDSO shall continue to do prototype inspection of the items supplied by developmental vendors. The balance supplies executed by the developmental vendors after clearance of prototype by RDSO can be inspected by any agency as decided by the purchaser.

In such cases railway may go in to for increase purchase quantity in consultation with finance and keeping in view budgetary and other aspects so that 100% order can be placed on registered/ approved suppliers and quantity not more than 20% of NPQ could be placed as development order outside NPQ.
1.2.2.2	Whenever tender is floated with purchase restrictions from sources approved by nominated authorities and there exists a suspected cartel situation by approved sources or rates available from approved source/sources are adjudged unreasonably high, despite fair efforts as permissible, the purchaser reserves the right to place orders on firms outside the approved list, without any restrictions. (Railway Board Letter No.2001/RS(G)/779/7, Pt.I, dtd.29.06.2017) Note: it may be specifically be noted that approval of vendor as approved vendor only signifies its technical capability to supply the item for which, it has been approved/registered and it is quite likely that such vendors differ in terms of capacity, past performance etc. The quantity to be ordered on approved vendors therefore will be decided on the basis of various factors which includes past performance, capacity, delivery requirements, quantity under procurement, nature of item, outstanding order load etc. (Railway Board Letter no.99/RS(G)/709/1, dtd.18.11.16.)

We further agree to pass on such additional duties and set off as may become available in future in respect of all the inputs used for the manufacture of the final product, on the date of the supply under CENVAT scheme, by way of reduction in price and advise the purchaser accordingly. "</p>
6.3	<p>CENVAT Certificate (For items not covered under GST):</p> <p>The tenderers will have to give the following certificates in their offer:- We hereby declare that in quoting the above price, we have taken into effect, the full effect of the duty set-off on 'Central excise and counter veiling duties' available under the existing CENVAT scheme. We further agree to pass on such additional duties and set off as may become available in future in respect of all the inputs used for the manufacture of the final product, on the date of the supply under CENVAT scheme, by way of reduction in price and advise the purchaser accordingly."</p>
6.4	<p>Sales Tax/Value Added Tax : (For items not covered under GST):</p> <p>Sales tax / Value Added Taxes should be quoted extra if applicable. The rate of CST on interstate sale to Railways shall be the rate of VAT/State Sales Tax applicable in the state of the supplier/seller. Wherever Value Added Tax is applicable, the following may be noted :</p> <p>The tenderer should quote the exact percentage of VAT that they will be charging extra. While quoting the rates, tenderer should pass on (by way of reduction in prices) the set off/input tax credit that would become available to them by switching over to the system of VAT from the existing system of sales tax, duly stating the quantum of such credit per unit of the item quoted for.</p> <p>The tenderer while quoting for tenders should give the following declaration: "We agree to pass on such additional set off/input tax credit as may become available in future in respect of all the inputs used in the manufacture of the final product on the date of supply under the VAT scheme by way of reduction in price and advise the purchaser accordingly."</p> <p>The supplier while claiming the payment shall furnish the following certificate to the paying authorities: "We hereby declare that additional set offs/input tax credit to the tune of Rs._____ has accrued and accordingly the same is being passed on to the purchaser and to that effect the payable amount may be adjusted . If any surcharge on tax is applicable the same should be indicated clearly. If Sales tax is not quoted in the offer, it shall be considered that sales tax is applicable.</p>
6.5	<p>Octroi Exemption Certificate: (For items not covered under GST):</p> <p>The purchaser will not bear any octroi charges, and if required will issue octroi exemption certificate only. In the event of octroi exemption certificate not being honored by the concerned municipal authority, and octroi charges become payable, the supplier will have</p>

	to bear the Octroi charges.
6.6	<p>Entry Tax: (For items not covered under GST):</p> <p>Where ever the entry tax is applicable, the same should be indicated in the field of other charges in 'Financial Rate Page for Supply' form by the tenderers intending to supply the material from outside the jurisdiction of SEC Rly and will be loaded in their offer for interse ranking. However, such entry tax will not be payable to them but will be borne by the purchaser i.e. SEC Rly and deposited to Department of Commercial Taxes Government of CG.</p> <p>In case nothing is mentioned in the offer and entry tax is leviable on the item(s), and if purchaser has to pay entry tax then, an equal amount will be deducted from firm's bills. The road permit for entry of goods in jurisdiction of SEC Rly will be provided by Rly. However, firm will request for road permit only when material is ready for dispatch.</p>
7.0	Delivery Period:
7.1	<p>The delivery period in Store Procurement cases shall be reckoned from the date of issue of Advance PO/Letter of Advance Acceptance/Letter of Acceptance.</p> <p>Authority:-Railway Board's Letter no.2018/Trans Cell/Store Procurement,dtd.02.01.2019</p>
7.2	Tenderers should invariably quote firm delivery period as stipulated in Electronic Tender SOR. The firms may note that their offers may likely to be ignored or may not be considered for placement of order if their offered Delivery period is in variation from Delivery Period as specified in tender documents. Thus, while quoting the DP, this aspect may be kept in view by the tenderer.
7.3	In the case of "ex-stock" offers, the dispatch of stores is to be effected within 7 days of the receipt of order. However, wherever the stores are subject to inspection by RITES/RDSO etc. before dispatch, extra time of 3 weeks will be allowed to cover time in inspection.
7.4	In case of delivery by rail, the date on which stores are placed on rail after inspection (i.e. RR/PWB date) will be the date of delivery. In case of local delivery/ outstation dispatches sent by lorry, the date on which materials are actually received/ delivered to consignee will be taken as date of delivery. In all cases, clause 0600 of the IRS Conditions of Contract will have the over-riding effect
7.5	The tenderers should quote the delivery period / delivery schedule carefully, because the time and date for the delivery of stores shall be the essence of the contract and delivery must be completed no later than the date / period so specified.
7.6	<p>Severable contract & Delivery Schedule:</p> <p>(i)The tenderer should note that as contract shall be entered into on severable contract basis only & therefore the PO will also be issued on severable contract basis with delivery of specific units of material shall be completed within each month or within specified period duly taking into account our delivery requirement as mentioned in Para 1 of Electronic Tender SOR as above. It shall not be on an entire contract basis; therefore the tenderer should take note of the same.</p> <p>(ii)The tenderer /supplier should note that failure on part of supplier to complete supplies of each installment within specified period or within specified date indicated in PO (which will be placed only on severable contract basis with separate delivery period for each installment), shall be treated as a breach of contract on part of supplier & in such situation Purchaser shall have all rights to take all necessary penal actions (for that installment quantity whose delivery period expired but supplies not made by the supplier) against the supplier as per terms and conditions of the contract .</p>

8.0	LD Clause: In cases of delays of contractual delivery full LD will be levied as below: Authority:- Railway Board 's Lt no.2018/Trans Cell/Store Procurement, dtd.02.01.2019
8.1	Recovery of Liquidated Damage (LD) shall be levied @1/2% (half percent) of the price of the store per week or part of the week during which delivery is accepted and the upper limit for recovery of LD in supply contracts is 10% (ten percent) of the value of contract irrespective of delays, unless otherwise provided specifically in the contract.
9.0	DELIVERY TERMS:
9.1	The purchaser will prefer free delivery by road at consignee's end and tenderers may indicate freight / delivery charges in their offers. In case an offer is submitted on the basis of FOR - Station of dispatch, without indicating freight / delivery charges, the supplier shall agree to dispatch the stores by road on free delivery to consignee on freight pre - paid basis and claim reimbursement of the lower of road / rail freight.
9.2	In case an offer on FOR station of dispatch is accepted with mode of dispatch by rail, the supplier shall agree to book the stores by goods train for wagonload consignments and passenger / parcel train for smalls. Reimbursement of pre-paid freight element may be obtained through bill.
9.3	In case of mode of dispatch by Road date of delivery at consignee end shall be considered as date of delivery. In case of Dispatch by Road FOR Ex works or Station of dispatch will not be acceptable.
9.4	The purchaser will not pay separately for transit insurance and supplier will be responsible till the entire stores contracted for are received by the ultimate consignee in good condition at destination.
9.5	(a)Mode of dispatch should be preferably by road/personal courier service, directly to the respective consignee. For such mode of dispatch, the date of receipt of material by consignee will be taken as date of delivery, unless otherwise mention in the tender document, Mode of dispatch should be by road on FOR Destination basis.(b)Transit Insurance for risk in transit should be arranged by the supplier, since risk in transport in all such cases rests with the supplier in terms of IRS conditions.(c)In case the tenderer quote ex-works or ex-Godown price, they should invariably indicate the total freight charges i.e from their Works/Godown to destination. In the event any Tenderer does not specifically record anything about the place of delivery in his offer it will be assumed that the Tenderer will bear the freight and that the offer is for freight free delivery at the destination. This assumption will be final and binding on the tenderer and will not be subject to any legal dispute or arbitration in future. (d) Time for and the Date of delivery as specified in the Purchase Order is the essence of the Contract. However extension of Delivery date may be considered in deserving cases where genuine reasons exist. Such extension of delivery date may be considered with Liquidated damages and Denial Clauses as per IRS conditions of Contract. (e)In Stores Procurement cases, Letter of Advance Acceptance may be issued before issue of Formal Purchase Order.(f)The delivery period in Stores Procurement cases shall be reckoned from the date of issue of Advance PO/Letter of Advance Acceptance.
9.6	Advice Of Dispatch Of Stores:-
9.6.1	The supplier should ensure that Railway receipts /PWB(Parcel Way Bill) under which the material is booked to a Railway consignee are prepared in the favor of ' consignee ' and not ' self, failing which they will be required to take the delivery themselves and deliver the consignment to the consignee. When suppliers submit the original RR/ PW B along with other documents to paying authority for claiming advance payment. A photocopy of

	RR/ PWB should be sent simultaneously to consignee.
9.6.2	All dispatch documents i.e. RR/ PWB, Challan, Inspection certificate etc. should be sent to the consignee and copies of advice of dispatch must also be sent to the Principal Chief Materials Manager , South East Central Railway, Bilaspur.
9.6.3	The contractor shall submit monthly report concerning the progress of the contract and / or supply of stores to the Purchaser and Consignee. The submission and acceptance of such reports shall not prejudice the rights of the purchaser in any manner .
10.0	PACKING CONDITIONS: - Material should be supplied with packing condition specified in the specification or in SOR, if same is not specified in the specification or in SOR it should be supplied with standard packing which can withstand transit damage, handling and proper storage.
11.0	GUARANTEE/WARRANTY: Warranty/Guarantee clauses as per IRS Conditions of Contract will be applicable. In case a different Warranty/Guarantee clause is specifically mentioned in electronic SOR/specifications, the same shall be applicable.
11.1	<p>Handling of rejection of pre-inspected items and warranty rejection:</p> <p>1.1 Cases of rejection will be handled in following manner as per Railway Board guidelines. Two kinds of rejections occur in case of pre-inspected supplies made by vendors</p> <p>A. Pre-inspected material rejected by consignee at the time of receipt.</p> <p>B. Material rejected in warranty.</p> <p>The methodology of handling these rejections are dealt with below:</p> <p>A. Pre-inspected material rejected by consignee at the time of receipt –</p> <p>(i) In case of rejection of pre-inspected goods at consignee end, the material rejection advice/rejection memo should be sent by consignee to all concerned i.e. firm, purchaser, pre-inspecting agency, paying authority as per the Contract etc. without fail.</p> <p>(ii) Financial recovery: In case payment has been made to the firm for the material, the concerned paying authority as per contract should note the rejection advice details in its recovery register for effecting recovery of payments made, as the case may be.</p> <p>(iii) Joint Inspection of rejected material will be held with pre- inspecting agency and the firm. In case of failure of either of the two parties to associate with joint inspection, the joint inspection should be held by the consignee with whichever of the two parties comes for joint inspection. Irrespective of whether the party(ies) attend Joint Inspection or not, the modality of joint inspection etc will have to be completed within 21 days of communication of rejection advice to the supplier (in line with IRS Conditions of Contract Clause 703). For imported stores, the time limit will be 45 days.</p> <p>(iv) Firm may be permitted to collect the rejected goods only after the firm has deposited the payments already made by Railway (if any) to the firm or equivalent amount has been recovered for this purpose.</p> <p>(v) In case of replacement supply against the rejected goods, the same should be pre-inspected by same pre-inspecting agency who passed the material earlier. In line with IRS Conditions of Contract Clause 703, no inspection charge shall be paid by Railway to the inspection agency for the replacement supply.</p> <p>(vi) However, in case of component level rejection in an pre-inspected item (which is an assembly) the replacement supply of that component can be accepted based on firm's internal inspection certificate/guarantee certificate and final inspection by consignee.</p> <p>B. Material rejected in warranty –</p> <p>(i) Material are rejected in warranty in the following situations:</p> <p>(a) The material rejected was issued to the user (shop/shed etc) from its associate stores</p>

<p>depot.</p> <p>(b)The material rejected was received by the user from a PU or from a stores depot which is not the associate stores depot of the user.</p> <p>Cat B (I)(a): For Warranty failure in shop/shed of material issued from its associate stores depot : All warranty claims will be lodged by the associate depot officer after getting the warranty rejection indicated therein. Before lodging the warranty claim the associate Depot Officer will satisfy himself about the correctness of PO and ensure that other details including reason(s) of warranty rejection are available with the advice-note of return stores. The warranty claim will be processed following procedure indicated in sub-para A(i), (ii), (iii) and (iv) of para 1.1A above except for the following changes. The “rejection advice” mentioned in para 1.1A(i) will be replaced by the “warranty rejection advice”. The time which can be taken for the completion of modality of joint inspection as per para 1.1A (iii) will be 45 days (instead of 21 days) from the date of communication of rejection advice to the supplier. More time is being given for Joint Inspection because this is a case wherein supplies have already been taken into Railway use. Thus, either the pre-inspection agency or the firm or the railways may like to have more detailed understanding of the failure.</p> <p>Cat B(I)(b) : For warranty failure in shop/shed of material received from PU (either under sale issue note or as a purchased component of rolling stock manufactured at the PU) or from a stores depot (under inter depot transfer/sale issue note) which is not the associate stores depot of the end user:</p> <p>(i). In such cases it may not be convenient for the end user to return the material to the stores depot (against which the original supply was made by the vendor to railway). Thus in all such cases, the warranty rejected material will be kept in safe custody by the end user and the Stores Depot (which received the original supply) will be advised by the end user about the warranty rejection duly indicating the reason(s) of rejection with a confirmation that the rejected material is under end user’s custody.</p> <p>(ii)The Stores Depot (which received the original supply) will raise warranty claim of the firm. Before lodging the warranty claim, the Depot Officer will satisfy himself about the correctness of PO and ensure that other details including reason(s) of warranty rejection are available from the end user. The warranty claim will be processed following procedure indicated in sub-para A(i), (ii), (iii) and (iv) of para 1.1A above except for the following changes. The rejection advice mentioned in para 1.1A(i) will be replaced by the warranty rejection advice. The time which can be taken for the completion of modality of joint inspection as per para 1.1A(iii) will be 45 days (instead of 21 days) from the date of communication of rejection advice to the supplier. More time is being given for joint inspection because this is a case wherein supplies have already been taken in to the usage system of Railways. Thus, either the pre-inspection agency or the firm or the railways may like to have a more detailed understanding of the failure.</p> <p>For imported material, the time limit in Cat 1.1A(iii) will be 90 days.</p> <p>(II). Warranty quantity replacement: The warranty quantity replacement will be accounted under warranty R-note by the Depot Officer (which raised the warranty claim as in sub-para B(I)(a) above).</p> <p>Financial recovery (if any made) against the warranty failure will be refunded to the firm on warranty quantity replacement.</p>
--

	<p>(III) Inspection of the replacement supply against warranty rejection:</p> <p>(a) For cases of replacement supply against warranty failure falling in the category B(I)(a) above, the replacement supply should normally be inspected by the same inspection agency which inspected and passed original supply. Thus for B.I. (a), any change in inspecting authority for the warranty replacement will necessitate a formal amendment in contract.</p> <p>(b) In case of warranty rejection of item of the category B.I(b) above, it may in some cases be difficult to re-use the services of inspecting agency which passed the original supply. Similarly, for some items, the end user/consignee may not have the requisite inspection facility/expertise.</p> <p>Thus for warranty rejection falling in the category B(I)(b) above:-</p> <p>(i). The replacement supply can be inspected by the same inspecting agency which inspected and passed the original supply. Payment of inspection charges will be borne by supplier.</p> <p>OR</p> <p>The replacement supply can be inspected by authorized representative of consignee.</p> <p>OR</p> <p>The replacement supply can be made by firm's own internal inspection certificate.</p> <p>(ii). The decision on the above will rest with the depot officer who raised the warranty claim and will be indicated in the warranty claim notice.</p> <p>(C) However in case the warranty failure is of a component of an assembly supplied, the component can be accepted on firm's own Guarantee Certificate/internal inspection certificate and consignee's final inspection for both the categories {Cat B(I)(a) and Cat B(I)(b)} of warranty failure.</p> <p>(IV) Place of warranty replacement – For warranty replacement of category B(I)(a), in order to ensure correct accountal of warranty replacement, the place of warranty replacement will be the depot which received the original supply. For warranty replacement of failure falling in category B(I)(b) above, an exemption can be made and the place of replacement supply can be indicated by the depot officer (at his option) in the warranty claim notice to the firm to be the end-user's place.</p> <p>(V) For warranty replacement of the category B(I)(b), due care will be taken by the end user to ensure that accountal of replacement supply etc. are properly taken care of. After settlement of warranty claim the rejected material will be handed over by the end user to the firm's representative. The end user will also inform the depot officer who raised warranty claim about the replacement.</p>
11.2	<p>At the option of the depot offer/end user rectification of the material rejected {under category 1.1(A) and 1.1(B)} may be permitted within railway premises by the firm only after the firm has refunded the payment (if already made by Railway) or equivalent amount has been withheld for this purpose. However, from the date of communication of rejection advice, the rectification activity has to be completed within 21/45 days for indigenous/imported material respectively for rejection of the category 1.1(A) and 45/90 days for indigenous/imported material respectively for rejection of the category 1.1(B). If more time is taken beyond this, applicable ground rent will be levied on the firm.</p>
11.3	<p>In order that quantity shortfall due to warranty failure of Cat B.I(a) is made up, the depot officer may prepare an additional demand (equal to the quantity failed in warranty) for procurement once recovery towards warranty has been confirmed by Accounts. Any warranty replacement subsequently made will automatically get reflected in stock and</p>

	thus there will not be any net extra procurement. It will however ensure timely availability of materials.
12.0	Evaluation of the Offers:
12.1	Tenderers are advised to refer to important note under Para 1.7 of section I of this document i.e. instructions to tenderers for filling up of rates, taxes, duties, freight charges and other levies in the financial offer form. Evaluation of offers shall be made on the basis of the comparative statement generated by the IREPS System.
12.2	Tenders may note that for evaluating the offers to decide inter-se position of the bidders, in case of multi item or single item with multi consignee, the inter-se ranking would be decided item wise and Consignee wise as per the total unit rate (i.e. all inclusive rate per unit) until and unless it is otherwise specified in the SOR. Normally SEC Railway will prefer to take delivery of materials at the place of respective consignee as specified in bid conditions. However in exceptional circumstances SEC Railway may consider delivery of materials at other consignees also as per the merit of the case.
12.3	Tenderer should quote clear offer with unconditional discount, if any, and the system shall evaluate the bid on FOR/Destination basis and shall show up to the vendor before submitting e-bid. Conditional discounts attached to early payment and early receipt note shall not be considered and such offers shall be ignored. Conditional discount attached to quantity, if any is to be submitted as alternate offer and tenderer should submit multiple alternate offers in such cases. Railways may avail of the discounts linked to quantity if otherwise firm's offer is found to be suitable for placement of contract.
13.0	Splitting of tendered quantity: Authority:- Railway Board 's Lt no.99/RS(G)/779/2 Pt., dtd.11.02.2016 Whenever splitting condition is applicable same will be mentioned in electronic Schedule of Requirement(SOR):
13.1	Case of no prior decision to split the order-
13.1.1	Normally full order should be place on L-1 firm. However, if after due processing, it is discovered that the quantity to be ordered is more than what L-1 alone is capable of supplying and there was no prior decision to split the quantities, then this aspect should be recorded in TC minutes/ acceptance in direct acceptance cases. The quantity being finally ordered will be distributed among the other bidders in a manner that will be fair, transparent and equitable. The manner of splitting will take specific note of the following parameters:- (i)Past Performance of bidders. (ii)Capacity of bidders. (iii)Delivery requirements in the tender. (iv)Quantity under procurement. (v)Vital/Safety nature of the items.
13.1.2	In the absence of any differentiation on the above parameters, the manner of splitting will be based on the stipulation given in Para 13.2.2 below.
13.2	Case of pre-decided split ordering-
13.2.1	Railway may decide in advance to have more than one source of supply on account of delivery requirement in tender, past performance and capability of bidders, quantity under procurement and vital/safety nature of items. This splitting will however will be subjected to Govt. of India Policy regarding MSME & "Make in India" mentioned in clause no 4 and 5.2 in section I of SECR tender conditions.
13.2.2	Following provisions (13.2.2(A) to 13.4) shall be applicable in all such cases of pre-decided split ordering:-

Price difference between L-1 and L-2	Quantity distribution ratio between L-1 and L-2
Upto 3%	60:40
More than 3% and upto 5%	65:35
More than 5%	At least 65% on the L-1 tenderer. For the quantity to be ordered on the L-2 tenderer, TC/TAA shall decide

(A)The purchaser reserves the right to distribute the procurable quantity on one or more than one of the eligible tenderers. Zone of consideration of such eligible tenderers will be the right of the Purchaser. The zone of consideration will be a dynamic mix of inter-se position of firms, supply performance of the firms, quantity being procured, criticality of and lead time of supply of the item, number of established suppliers, their capacity etc.

(B)Whenever such splitting of the procurable quantity is made, the quantity distribution will depend (in an inverse manner) upon the differential of rates quoted by the tenderers (other aspects i.e. adequate capacity - cum-capability, satisfactory past performance of the tenderers, outstanding order load for the Railway making the procurement, quoted delivery schedule viz-a-viz the delivery schedule incorporated in the tender enquire etc. being same/similar) in the manner detailed in the table below”.

In the phrase 'differential rates quoted by the tenderers', the quoted rate would mean-

(i)When no price negotiation has been called for, the original rates as obtained at the time of tender opening. However, the rate of the highest eligible tenderer within the zone of consideration has to be per se reasonable.

(ii)When price negotiation has been called for, the reference L-I rate for assessment of ratio will be the original rate of L-I firm (suitable for bulk quantity)- say firm "A" - as. Obtained at the time of tender opening.

B(I) If splitting of quantity is required to be done by ordering on tenderers higher than the L-2 tenderer, then the quantity distribution proportion amongst the tenderers will be decided by transparent/logical /equity based extrapolation of the model as indicated in the above Para.

B(II) There could be situation when between the lowest firm considered suitable for bulk qty (L-1 firm "A") and another firm considered suitable for bulk quantity order, there are firms who are considered suitable only for developmental order quantity. For example, say L-I firm "A" is Approved firm, L-4 is Approved I firm (and both considered suitable for bulk quantity order) and splitting is to be done between these two Approved firms. But there are two firms identified for developmental order in between who are suitable for developmental order quantity. In such cases, L-I should be given its proportion based on its rate differential with respect to L-4, (say by this, L-I gets 65% of NPQ). The balance quantity (say 35% of NPQ) is to be distributed 'among other firms. The balance quantity is to be distributed as follows:

(a)Allocate the firms identified for developmental order within the overall ceiling of 20% (of 35% of NPQ)

(b)Allocate the balance quantity to L4 firm.

Since the firms identified for developmental order are being given the order in relation to

	its lower position w.r.t. L 4 (Approved firm), it will not attract the provision of 'Order on firms identified for developmental order should not be at a higher rate than Approved firm as the reference rate for comparison of L 2 firms identified for developmental order rate is the L4 Approved firm rate.
13.2.3	In case of pre-decided splitting, if the purchaser decides not to split the ordered quantity, the reason for the same should be recorded in TC minutes/acceptance in direct acceptance case.
13.3	For cases where the Rlys/PUs has entered into ToT/JV agreements, the following clause should be stipulated as tender conditions: As the Rly has entered into ToT/JV agreement with no. of firms, they reserve the right to place orders on all such ToT/JV agreement partners. However, for ratio/proportion of quantity distribution among such agreement partners, conditions as detailed in Para 13.2.2 (B) shall apply with the exception that the aspect of pre-reasonability will not be applicable.
13.4	In the cases of inadequate capacity-cum-capability, dissatisfactory past performance, large quantity of outstanding orders *(Liquidation of which will take very long time) etc., the Purchaser shall have the right to distribute the procurable quantity amongst tenderers with due consideration to these constraints and in-such a manner that would ensure timely supply of material in requisite quantity to meet the needs of operation, maintenance, safety etc. of the I Railways, regardless of inter-se ranking of the tenderers and in a fair and transparent manner with due conformity to the Principle' of Natural Justice and Equity.
14.0	Cartel Formation: Authority:- Railway Board It no. 2001/RS/(G)/779/7, Pt 1,dtd.29.06.17 In cases where cartel is suspected among approved sources, the purchaser shall be at a liberty to exercise the following.
14.1	Wherever all or most of the approved firms quote equal rates and cartel formation is suspected, Railway reserves the right to place order on one or more firms with exclusion of the rest without assigning any reasons thereof.
14.2	Firms are expected to quote for quantity not less than 50% of tendered quantity. Offers for a quantity less than 50% of tendered quantity will be considered unresponsive and liable to be rejected in case cartel formation is suspected. Purchasers, however, reserve the right to place order on one or more firms for any quantity.
14.3	The firms who quote in cartel are warned that their names may be deleted from list of approved sources. In addition, Railways will refer such cases to the Competitive Commission of India for necessary penal action as it is considered necessary by the commission.
14.4	Should a tenderer have a relative employed in Gazetted capacity in the Stores department of the South East Central Railway or in the case of a partnership firm or company incorporated under the Indian Company Law should a partner or a relative of the partner be employed in Gazetted capacity in Stores Department of South East Central Railway, the authority inviting tenders shall be informed of the fact at the time of submission of tenders, failing which the tender is liable to be rejected, or if such fact subsequently comes to light the contract may be rescinded.
15.0	Security Deposit: Security Deposit (SD)/Performance Security for Stores Contracts except M&P :

	Authority:- Railway Board's letter no.2018/Trans cell/Stores procurement, dtd.02.01.19 & Railway Board 's letter No.2004/RS/(G)/779/11,dtd.27.03.19
15.1	<p>There shall be no exemption from submission of Security Deposit (SD) for any tender or by any tenderer except following :</p> <p>(a)The Store contract cases of value upto Rs. 1 (One) lakh.</p> <p>(b)Other Railways and Government Departments in terms of Railway Board's letter No. 2004/RS(G)/779/11 dated 24.07.07</p> <p>(c)Indian Ordinance Factories in terms of Railway Board's letter No. 92/RS(G)/363/1 dated 08.04.1993.</p> <p>(d)PSUs owned by Ministry of Railways and PSUs for the group of items that are manufactured by them in terms of Railway board's letter No. 2003/RS(G)/779/5 dated 10.09.04.</p>
15.2	<p>Security Deposit (SD) amount shall be 10% of the contract value subject to maximum of Rs. 5(Five) Crore rounded off the nearest higher Rs 10 (ten). However there shall be no ceiling for Security Deposit in Global tender for procurement of stores.</p> <p>1.1 Security Deposit (SD) shall remain valid for a period of 60 days, beyond the date of completion of all contractual obligations.</p> <p>1.2 The successful tenderer shall have to deposit SD within 14 days of issue of Letter of Acceptance. No Extension of time for submission of SD shall be granted.</p> <p>1.3 In the event of successful tender(s) failing to deposit/submit SD in acceptable form within the prescribed period as aforesaid, the EMD submitted by such successful tenderer(s) shall be automatically adjusted towards SD in view of the fact that in most of the cases. EMD amount would be adequate to meet the SD amount. In case where available EMD amount is less than required SD and the successful tenderer does not deposit the balance SD amount within stipulated time, then EMD shall be forfeited and case be dealt with as that of withdrawal of offer by the tenderer as per extant instructions. This will resolve the problem faced by purchaser to great extent due to intentional delay in submission of SD by successful tenderer(s).</p> <p>1.4 In case, the MSEs exempted from submission of EMD fail to submit SD in stipulated time, damages shall be levied, for failure to act as per offer with regard to condition relating to SD, equal to EMD amount, as would have been applicable if the offer was from a non-MSE vendor. These damages shall be treated as recoveries outstanding against the vendor and dealt with accordingly.</p> <p>1.5 In case of failure by contractor to meet deliveries of any lot/s, Railways may cancel the Contract for defaulted part by forfeiting SD commensurate to that lot. Authority available to Consignee/Depot Officer vide Para 27 & 28 of Railway Board's letter no. 88/RS(G)/779/14 pt dated 06.01.17 shall continue.</p> <p>1.6 Risk Purchase clause shall not be applicable wherever SD clause is applicable. Wherever SD in not taken, risk purchase will be made as per extant guidelines.</p> <p>1.7 At the discretion of Purchaser, General Damages will be recoverable equal to 10% of value of unsupplied quantity minus Security Deposit amount (if already deposited), wherever 10% Security Deposit has not been taken. In such cases Risk Purchase clause shall not be applicable.</p>
15.3	Offers without giving consent for submission of requisite Security Deposit are liable to be ignored, until unless specifically exempted as per extant rules.
15.4	<p>Security Deposit should be furnished in any one of the following forms:</p> <p>a. Deposit Receipts (dully marked as auto renewed and dully discharged), Pay Orders, and</p>

The rate of discounting and NPV calculation is furnished below:

Calculation of NPV (Net Present Value) at rate of 10% discounting for five years for comparative evaluation of AMC offer in order to equitably compare different AMC charges for different years at the same footing in the assessment of FOR destination price.

FORMULA: $NPV = P \{1+r/100\}^n$

Where r = rate of inflation n = number of years

P = AMC cost quoted for nth year NPV= Net Present Value

If offered value of P for 1st year is say Rs.100/- and if rate of inflation is 10% Then $NPV = 100/(1+10/100)^1$

=90.9

NPV factor for Rs. 100/- = 90.90

Then NPV factor = $90.90/100 = 0.9091$.

Similarly NPV factor for second, third, fourth and fifth year is calculated and shown below

S.No.	Year	Cost in	NPV factor @10% per annum	Total Cost of AMC after discounting factor in
1	First year AMC cost	P1	0.9091	$P1 \times 0.9091$
2	Second year AMC cost	P2	0.8264	$P2 \times 0.8264$
3	Third year AMC cost	P3	0.7513	$P3 \times 0.7513$
4	Fourth year AMC cost	P4	0.6830	$P4 \times 0.6830$
5	Fifth year AMC cost	P5	0.6209	$P5 \times 0.6209$

NB: 1) The total AMC cost will be calculated after multiplying the quoted rates with NPV factor i.e., after discounting annual cost @ 10% per annum.

2) In above table total cost "P" after calculation shall be taken for evaluation of financial ranking.
